LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY

REQUIRED COMMUNICATIONS

Fiscal year ended June 30, 2021

Board of Directors Los Angeles County Metropolitan Transportation Authority Los Angeles, California

Professional standards require that we communicate certain matters to keep you adequately informed about matters related to the financial statement audit that are, in our professional judgment, significant and relevant to your responsibilities in overseeing the financial reporting process. We communicate such matters in this report.

AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA

Our responsibility is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. The audit of the financial statements does not relieve you of your responsibilities and does not relieve management of their responsibilities. Refer to our contract with LACMTA for further information on the responsibilities of management and of Crowe LLP.

AUDITOR'S RESPONSIBILITY UNDER GOVERNMENT AUDITING STANDARDS

As part of obtaining reasonable assurance about whether LACMTA's financial statements are free of material misstatement, we performed tests of LACMTA's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts or disclosures. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

COMMUNICATIONS REGARDING OUR INDEPENDENCE FROM LACMTA

Auditing standards generally accepted in the United States of America require independence for all audits, and we confirm that we are independent auditors with respect to LACTMA under the independence requirements established by the American Institute of Certified Public Accountants.

Additionally, we wish to communicate that we have no relationships with the Company that, in our professional judgment, may reasonably be thought to bear on our independence and that we gave significant consideration to in reaching the conclusion that our independence has not been impaired.

PLANNED SCOPE AND TIMING OF THE AUDIT

We are to communicate an overview of the planned scope and timing of the audit. Accordingly, the following matters regarding the planned scope and timing of the audit were discussed with you.

- How we proposed to address the significant risks of material misstatement, whether due to fraud or error.
- Our approach to internal control relevant to the audit.
- The concept of materiality in planning and executing the audit, focusing on the factors considered rather than on specific thresholds or amounts.
- The nature and extent of specialized skills or knowledge needed to plan and evaluate the results of the audit, including the use of an auditor's expert.
- Where the entity has an internal audit function, the extent to which the auditor will use the work
 of internal audit, and how the external and internal auditors can best work together.
- Your views and knowledge of matters you consider warrant our attention during the audit, as well as your views on:
 - The allocation of responsibilities between you and management.
 - The entity's objectives and strategies, and the related business risks that may result in material misstatements.
 - Significant communications between the entity and regulators.
 - Other matters you believe are relevant to the audit of the financial statements.
- Matters relative to the use of other auditors/other accountants during the audit:
 - An overview of the type of work to be performed by other auditors/other accountants.
 - The basis for the decision to make reference to the audit of the other auditor in our report on the entity's financial statements.
 - An overview of the nature of our planned involvement in the work to be performed by the other auditor/other accountant.

SIGNIFICANT ACCOUNTING POLICIES AND MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Significant Accounting Policies: Those Charged with Governance should be informed of the initial selection of and changes in significant accounting policies or their application. Also, Those Charged with Governance should be aware of methods used to account for significant unusual transactions and the effect of significant accounting policies in controversial or emerging areas where there is a lack of authoritative consensus. We believe management has the primary responsibility to inform Those Charged with Governance about such matters. To assist Those Charged with Governance in its oversight role, we also provide the following.

Accounting Standard	Impact of Adoption							
GASB Statement No. 84, "Fiduciary Activities" This Statement was issued to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments.	Adoption of this Statement did not have a material impact on LACMTA's financial position or results of operations.							

Accounting Standard	Impact of Adoption						
GASB Statement No. 90, "Majority Equity Interests – An Amendment of GAS Statements No. 14 and No 61" This Statement was issued to improve consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This Statement defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment.	Adoption of this Statement did not have a material impact on LACMTA's financial position or results of operations.						
GASB Statement No. 93, "Replacement of Interbank Offered Rates" This Statement was issued to address accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR).	Adoption of this Statement did not have a material impact on LACMTA's financial position or results of operations.						
Significant Unusual Transactions. Significant Accounting Policies in	No such matters noted. No such matters noted.						
Controversial or Emerging Areas.							

Management Judgments and Accounting Estimates: Further, accounting estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. These judgments are based upon knowledge and experience about past and current events and assumptions about future events. Certain estimates are particularly sensitive because of their significance and because of the possibility that future events affecting them may differ markedly from management's current judgments and may be subject to significant change in the near term.

The following describes the significant accounting estimates reflected in the Company's year-end financial statements, the process used by management in formulating these particularly sensitive accounting estimates and the primary basis for our conclusions regarding the reasonableness of those estimates.

Significant Accounting Estimate	Process Used by Management	Basis for Our Conclusions				
Fair Values of Investment Securities and Other Financial Instruments	The disclosure of fair values of securities and other financial instruments requires management to use certain assumptions and estimates pertaining to the fair values of its financial assets and financial liabilities.	We tested the propriety of information underlying management's estimates.				
Loss Contingencies	LACMTA consults with legal counsel to evaluate outstanding litigation, claims and assessments. Factors that affect management's evaluation of litigation contingencies requiring disclosure include the nature of the contingencies and whether the outcome could have an effect on the consolidated financial statements.	Based on information obtained from LACMTA's legal counsel regarding this matter and discussions with management, we concur with management's determination that the loss contingency does not meet conditions for accrual of being both probable and estimable, and, thus, no accrual is recorded and no specific disclosures are required.				

Significant Accounting Estimate	Process Used by Management	Basis for Our Conclusions
Pension and Postretirement Obligations	Amounts reported for pension and postretirement obligations require management to use estimates that may be subject to significant change in the near term. These estimates are based on projection of the weighted average discount rate, rate of increase in future compensation levels, and weighted average expected long-term rate of return on pension assets.	We reviewed the reasonableness of these estimates and assumptions.
Accrual for Self-Insured Claims	Accruals for self-insured claims are based on management's estimate of the ultimate incurred losses and losses that have been incurred but not yet reported. Management determines the self-insured reserves for estimated claims based historical rate of claims, actual claims experience and projected claims experience.	We tested the propriety of information underlying management's estimates and the reasonableness of estimates and assumptions.

AUDITOR'S JUDGMENTS ABOUT QUALITATIVE ASPECTS OF SIGNIFICANT ACCOUNTING PRACTICES

We are to discuss with you our comments about the following matters related to the Company's accounting policies and financial statement disclosures. Accordingly, these matters will be discussed during our meeting with you.

- The appropriateness of the accounting policies to the particular circumstances of the entity, considering the need to balance the cost of providing information with the likely benefit to users of the entity's financial statements.
- The overall neutrality, consistency, and clarity of the disclosures in the financial statements.
- The effect of the timing of transactions in relation to the period in which they are recorded.
- The potential effect on the financial statements of significant risks and exposures, and uncertainties that are disclosed in the financial statements.
- The extent to which the financial statements are affected by unusual transactions including nonrecurring amounts recognized during the period, and the extent to which such transactions are separately disclosed in the financial statements.
- The issues involved, and related judgments made, in formulating particularly sensitive financial statement disclosures.
- The factors affecting asset and liability carrying values, including the entity's basis for determining useful lives assigned to tangible and intangible assets.
- The selective correction of misstatements, for example, correcting misstatements with the
 effect of increasing reported earnings, but not those that have the effect of decreasing reported
 earnings.

CORRECTED AND UNCORRECTED MISSTATEMENTS

<u>Corrected Misstatements</u>: We are to inform you of material corrected misstatements that were brought to the attention of management as a result of our audit procedures. Refer to the discussion below.

- Management posted an adjustment of \$53.7 million to the Measure R fund to correct the improper accrual of payments made related to 3 parcels of land. The payments were made in July 2021, however, since the expenditure related to a condemnation deposit and not typical goods or services, the expenditure was not an obligation to LACMTA prior to payment, nor had LACMTA acquired the properties prior to June 30, 2021.
- 2. Management posted an adjustment to properly defer \$2.3 million of General fund revenue relating to receivables not collected within 90 days of the reporting date.

<u>Uncorrected Misstatements</u>: We are to inform you of uncorrected misstatements that were aggregated by us during the current engagement and pertaining to the latest and prior period(s) presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole. For your consideration, we have distinguished misstatements between known misstatements and likely misstatements. Refer to the discussion below.

1. Two known misstatements and one likely misstatement were waived by management relating to the generation and sale of low carbon fuel standards (LCFS) credits, a program administered by the California Air Resources Board. LACMTA generates these credits through the usage of low carbon fuel options, such as CNG and propulsion power, activities that are recorded on the Enterprise fund (business-type activities). Thus, the revenue from the sales of these credits should be recorded on the Enterprise fund. However, management has recorded the revenue on the General fund to provide greater visibility to the revenue being generated.

In addition to reclassifying the revenue between LACMTA's funds, we also noted that the number of credits held as of the reporting date, multiplied by their estimated fair value, should be recorded as an asset based on the GASB's definition of an asset. This resulted in a likely misstatement that understated Enterprise fund assets by approximately \$55.7 million, overstated revenue by approximately \$12.6 million, and understated net position by approximately \$43.0 million. The misstatement of net position represents the estimated value of LCFS credits that were held as of June 30, 2020, which was reported as waived adjustment in the FY 2020 audit.

- 2. A known prior period misstatement was waived by management relating to construction expenses that were improperly recorded to the Enterprise fund instead of the Proposition C fund streets and highways expenditures. Management identified and corrected the error in FY 2021, therefore amounts that should have been corrected in prior years are recorded in the current year. Approximately \$30.1 million of expenditures/expenses related to prior periods, resulting in a current period overstatement of expenditures/expenses of \$30.1 million in the Proposition C fund and governmental activities opinion unit and an understatement of expenses in the Enterprise fund.
- 3. Known misstatements were waived by management to properly defer revenue relating to receivables not collected within 90 days of the reporting date. The error resulted in overstatement of revenue and understatement of deferred inflows of resources of \$9.6 million for the Measure R fund and \$4.6 million for the Measure M fund.
- 4. Two likely misstatements were waived by management related to not accounting for the Regional Transit Access Pass (RTAP) activity for other operators (non LACMTA) as fiduciary activities (Fiduciary Fund). The stored value estimated to be used by other operators results in an increase in cash and net position in the amount of \$6.3M. The amount payable to operators results in an increase in cash and accounts payable in the amount of \$0.6M. Additionally, the activity for the year related to other operators results in an increase in deductions and additions in the amount of \$3.3M.

OTHER COMMUNICATIONS

Communication Hom	Results								
Communication Item Other Information Included in an Annual Report Information may be prepared by management that accompanies or includes the financial statements. To assist your consideration of this information, you should know that we are required by audit standards to read such information and consider whether a material inconsistency exists between the other information and the financial statements. We are also to remain alert for indications that: Material inconsistency exists between the other information and the auditor's knowledge obtained in the audit; or A material misstatement of fact exists, or the other information is otherwise misleading.	Results We understand that management has not prepared other information to accompany the audited financial statements.								
If we identify a material inconsistency between the other information and the financial statements, we are to seek a resolution of the matter.									
Significant Difficulties Encountered During the Audit We are to inform you of any significant difficulties encountered in dealing with management related to the performance of the audit.	There were no significant difficulties encountered in dealing with management related to the performance of the audit.								
Disagreements with Management We are to discuss with you any disagreements with management, whether or not satisfactorily resolved, about matters that individually or in the aggregate could be significant to the Company's financial statements or the auditor's report.	During our audit, there were no such disagreements with management.								
Difficulties or Contentious Matters We are required to discuss with the Those Charged with Governance any difficulties or contentious matters for which we consulted outside of the engagement team.	During the audit, there were no such issues for which we consulted outside the engagement team.								
Circumstances that Affect the Form and Content of the Auditor's Report We are to discuss with you any circumstances that affect the form and content of the auditor's report, if any.	There are no such circumstances that affect the form and content of the auditor's report.								
Consultations with Other Accountants If management consulted with other accountants about auditing and accounting matters, we are to inform you of such consultation, if we are aware of it, and provide our views on the significant matters that were the subject of such consultation.	We are not aware of any instances where management consulted with other accountants about auditing or accounting matters since no other accountants contacted us, which they are required to do by Statement on Auditing Standards No. 50, before they provide written or oral advice.								
Representations the Auditor Is Requesting from Management We are to provide you with a copy of management's requested written representations to us.	We direct your attention to a copy of the letter of management's representation to us provided separately.
