# Recommendation

ADOPT the resolution for the 2025 Los Angeles County Transportation Improvement Program as shown in Attachment A.

# Background

- SCAG, as the Metropolitan Planning Organization (MPO) for the six-county region that includes Los Angeles County, is required under federal and state law to develop the FTIP
- Every two years, a new FTIP cycle is adopted with 2025 being the latest cycle
- The FTIP is a required six-year document that advances the planning and construction of projects funded with federal, state, and local funds
- The 2025 FTIP covers the period from FY25 to FY30 with nearly 950 projects in Los Angeles County totaling \$23 billion for about 100 agencies
- Adopting the Resolution for the 2025 FTIP would allow agencies in Los Angeles County to program and receive funding allocations for on-time delivery of projects
