28. ADOPTED ON CONSENT CALENDAR the findings of a **Title VI** 2016-0658
Triennial Review of FTA required service standards that found no disparate impact in the attainment of service standards relative to minority and non-minority services operated by Metro. This review was conducted for Metro bus and rail service during the fourth quarter of fiscal year 2016:

- A. Finding that the Metro bus system conforms to the adopted Bus Passenger Loading Standards and results in no disparate impact on minorities. The Rail Passenger Loading Standards cannot accurately be determined, due to the Metro Rail ridership data collection methodology. It relies on a limited number of staff counting the boarding and alighting passengers while riding a limited number of rail cars. (Attachment A); and
- B. Finding that the Metro bus system and rail system conform to the adopted Headway Standards and result in no disparate impact. (Attachment B); and
- C. Finding that while Metro bus lines are not in conformance with the adopted In-Service On-Time Performance Standards (ISOTP) of 80%, there was no disparate impact. The system wide average bus ISOTP was 73.0% on weekdays, 71.6% on Saturdays, and 76.8% on Sundays. The percentage of bus lines meeting this standard were 43.5% of weekday, 42.4% on Saturday and 54.8% during Sunday. All rail lines meet the standard of 90% for light rail and 95% for heavy rail. The assessment of the current findings are contained in (Attachment C); and
- D. Finding that Metro and its fixed route operating partners are in conformance and no disparate impact with the adopted System Accessibility Standard. (Attachment D); and
- E. Finding that Metro bus and rail service passenger facilities are in conformance and no disparate impact with the adopted Passenger Amenities Standards. (Attachment E); and
- F. Finding that the Metro bus system is in conformance and no disparate impact with adopted Vehicle Assignment Standards. Conformity of the Metro rail system was reviewed in early May 2016 and was impacted by the initial delivery of new light rail vehicles and the recent start of operation of the Metro Gold Line Foothill Extension. Only 15 of 235 new vehicles had been accepted at that time with most, of necessity, assigned to the Metro Gold Line. Metro rail system conformance should be reviewed at a later time after new vehicle deliveries are substantially complete.(Attachment F)

29. AUTHORIZED the Chief Executive Officer to reject all bids award a firm fixed unit rate Contract No. OP5608900 for **tree trimming services throughout Metro bus and rail facilities** and re-procure, excluding Metro Orange Line covered under a separate maintenance contract, with Great Scott Tree Service Inc., the lowest, responsive and responsible bidder, for a not to exceed amount of \$923,040 for the three year base period inclusive of as needed services, and \$299,930 for each of the two, one year options, for a combined total of \$1,522,900, effective January 1, 2017 through December 31, 2021, subject to resolution of protest(s), if any.
