Enhancing the Effectiveness of the LIFE Program

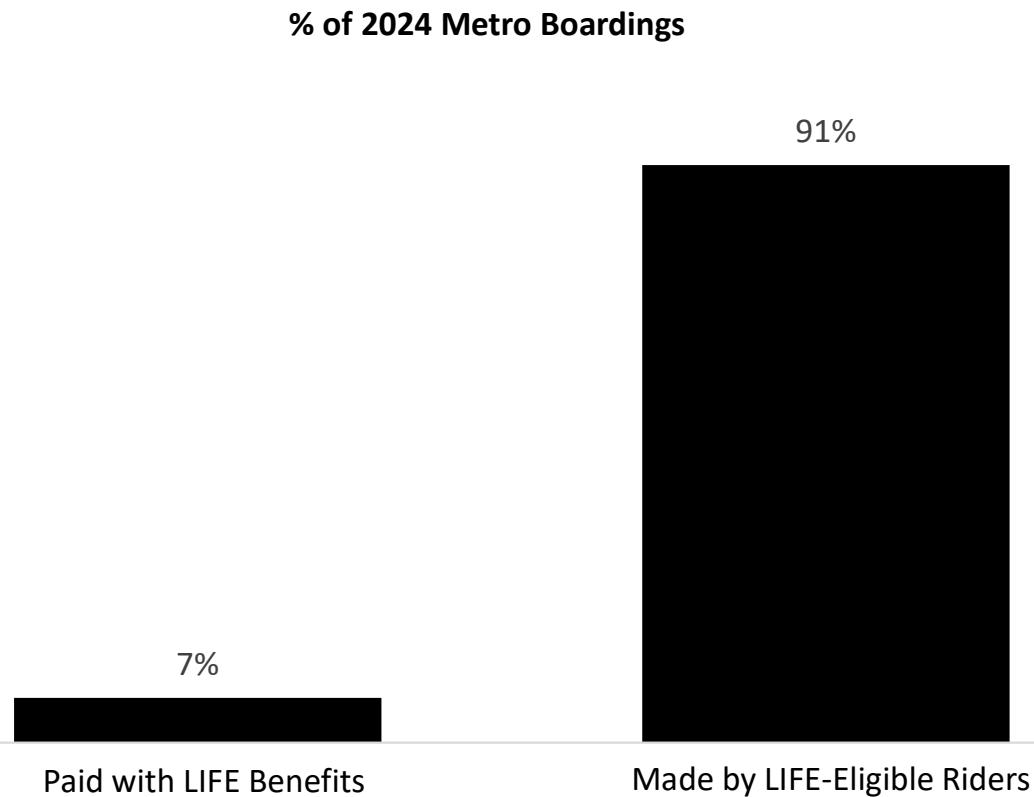

Related to Item 45: Motion 22 Response: Bridge to Fareless Transit

The Low-Income Fare is Easy (LIFE) Program has substantially grown since Metro launched the program in 2019. Over the years, staff has implemented various efforts to streamline enrollment, expand partnerships, and enhance LIFE Program benefits. In 2021, the Board directed staff to double enrollment and since then, the LIFE program has tripled its enrollment to over 335,000 participants. While a substantial achievement for the program, the program needs to be evaluated not only by level of enrollment, but also utilization. Staff report that the current utilization rate among current enrollees is 16 percent. In other words, out of 335,000 participants, approximately 53,600 are actively using their LIFE benefits today. Staff have computed several statistics that begin to identify potential programmatic impacts to utilization - for example, about 13 percent of LIFE participants drop off after their free 90-day pass expires, and average rides during the free 90-day pass compared to the free 20 monthly regional trips drop by approximately 30 percent, from about 19 to 13 rides per month. Metro needs to conduct further analysis of the program's data and participant experience to identify effective strategies for increasing active users among current enrollees.

Metro needs to conduct further analysis of the program's data and participant experience to identify effective strategies for increasing active users among current enrollees.

LIFE Program boardings make up a small portion of Metro boardings but could be much greater.

## Sign-Up Barriers

Why aren't more eligible riders signing up for the LIFE Program?

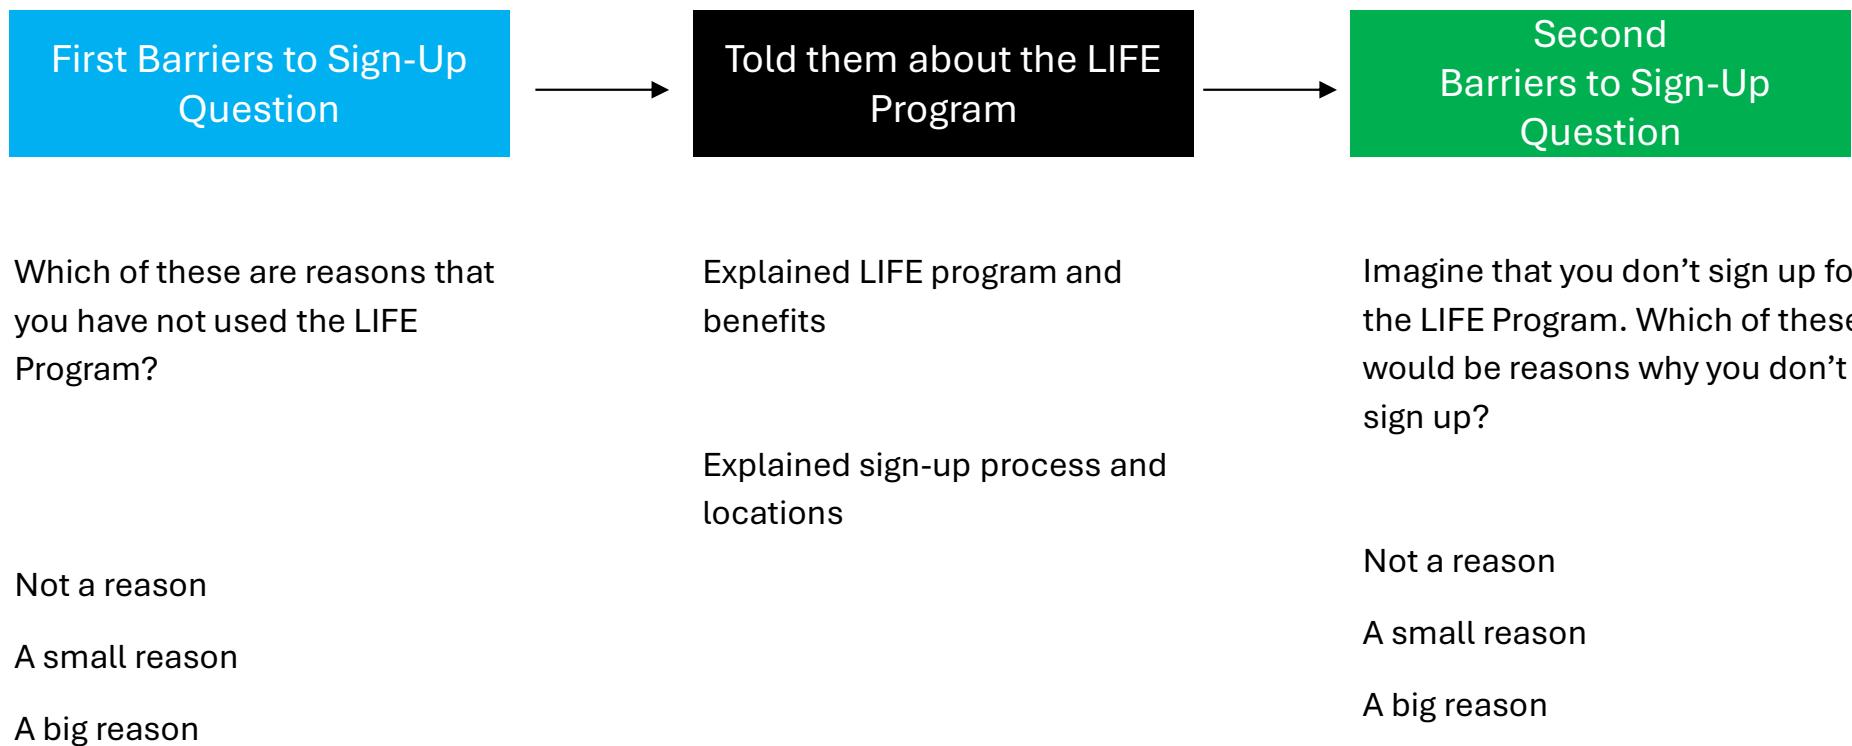

Only 15% of eligible non-LIFE-member transit riders are familiar with the LIFE Program, lower than all other Metro discount programs.

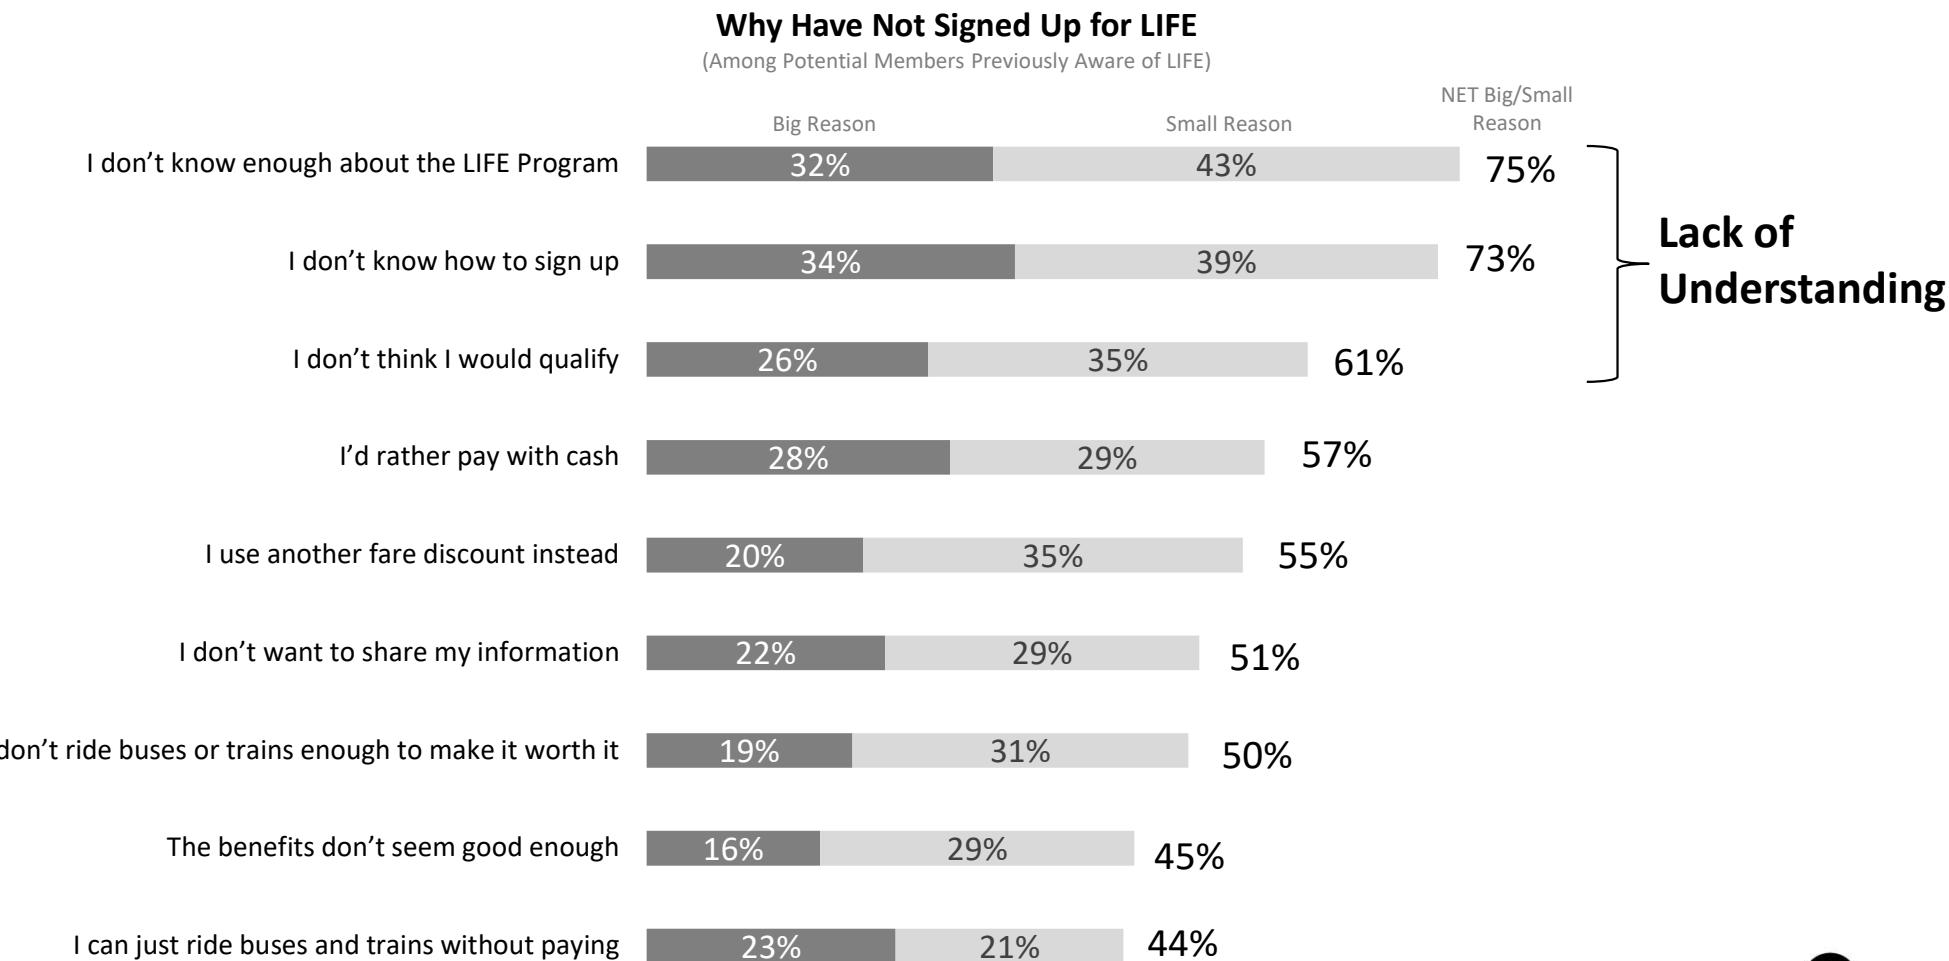

Even among those familiar with LIFE, familiarity with individual benefits could be higher.

## How we asked barriers to sign-up

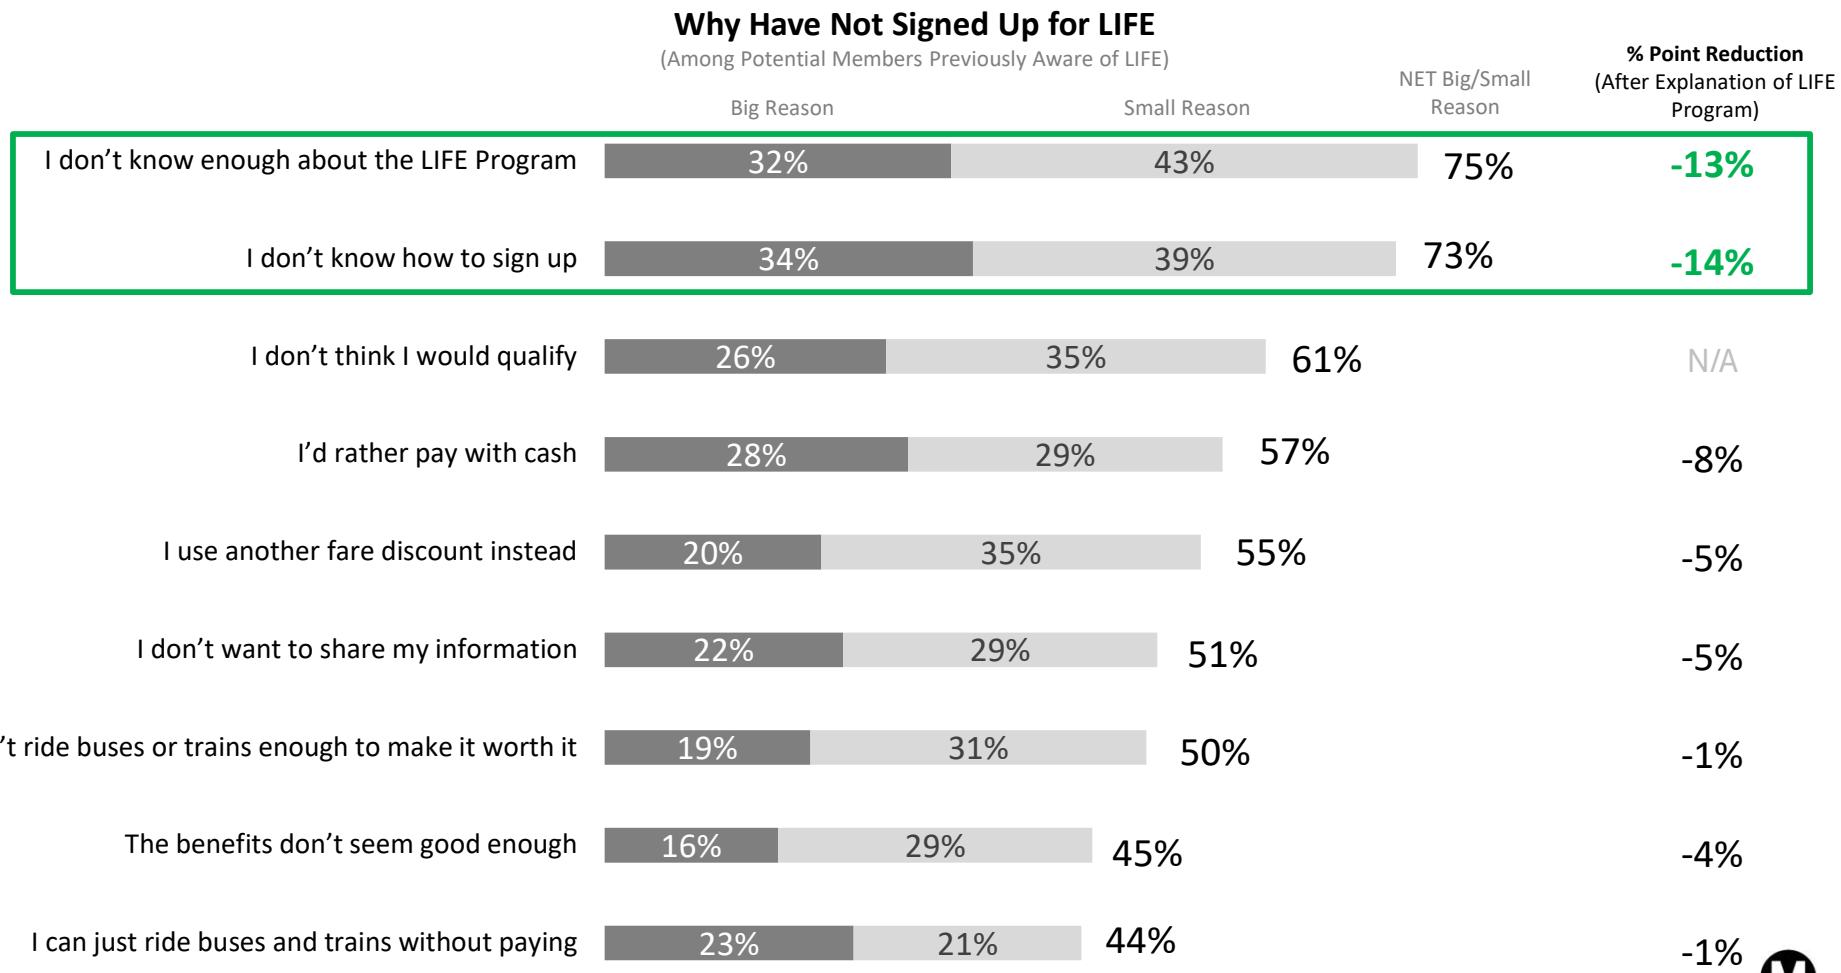

Among those aware of LIFE, the biggest barriers to signup are related to lack of understanding.

Q. Which of the following are reasons that you have not used the LIFE Program? Source: LIFE non-member survey

After we explained the LIFE program in the survey,  
understanding-related barriers drop, but remain high

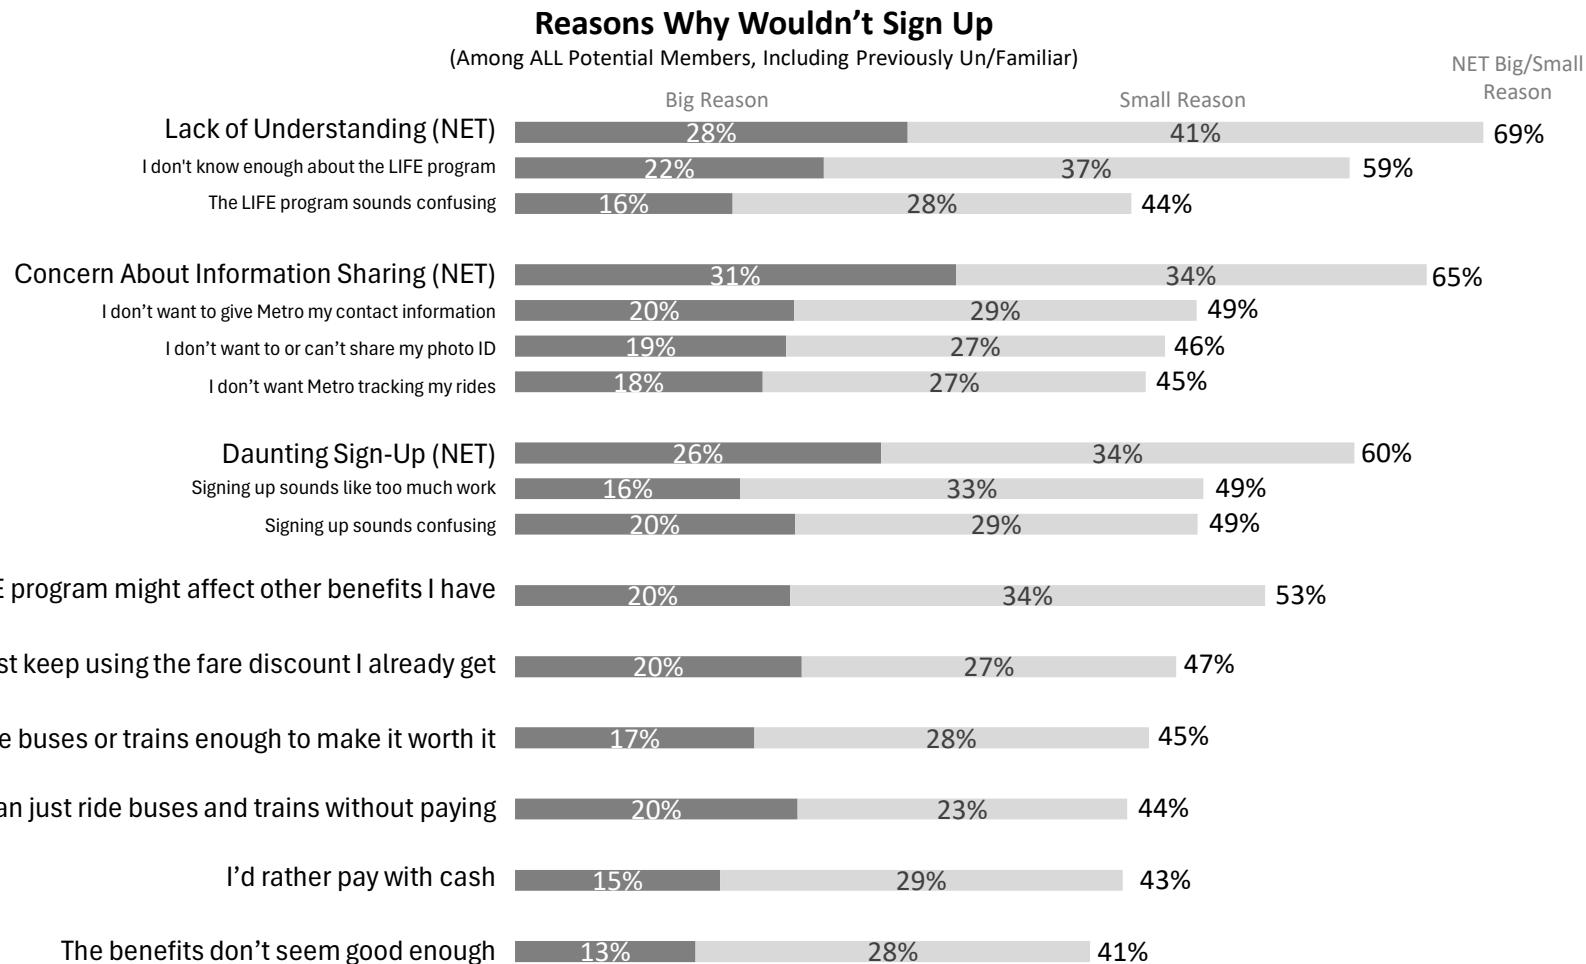

Q. (AFTER SHOWING LIFE PROGRAM DESCRIPTION & BENEFITS) Imagine that you don't sign up for the LIFE Program. Which of these would be reasons why you don't sign up? Source: LIFE non-member survey

After briefly explaining the LIFE program to potential members:

2<sup>nd</sup> Barriers Question  
AFTER Explaining the LIFE Program

**The biggest barriers to LIFE are lack of understanding, daunting sign-up, and concern about information sharing**

**Who**  
is signed up for and interested in LIFE?

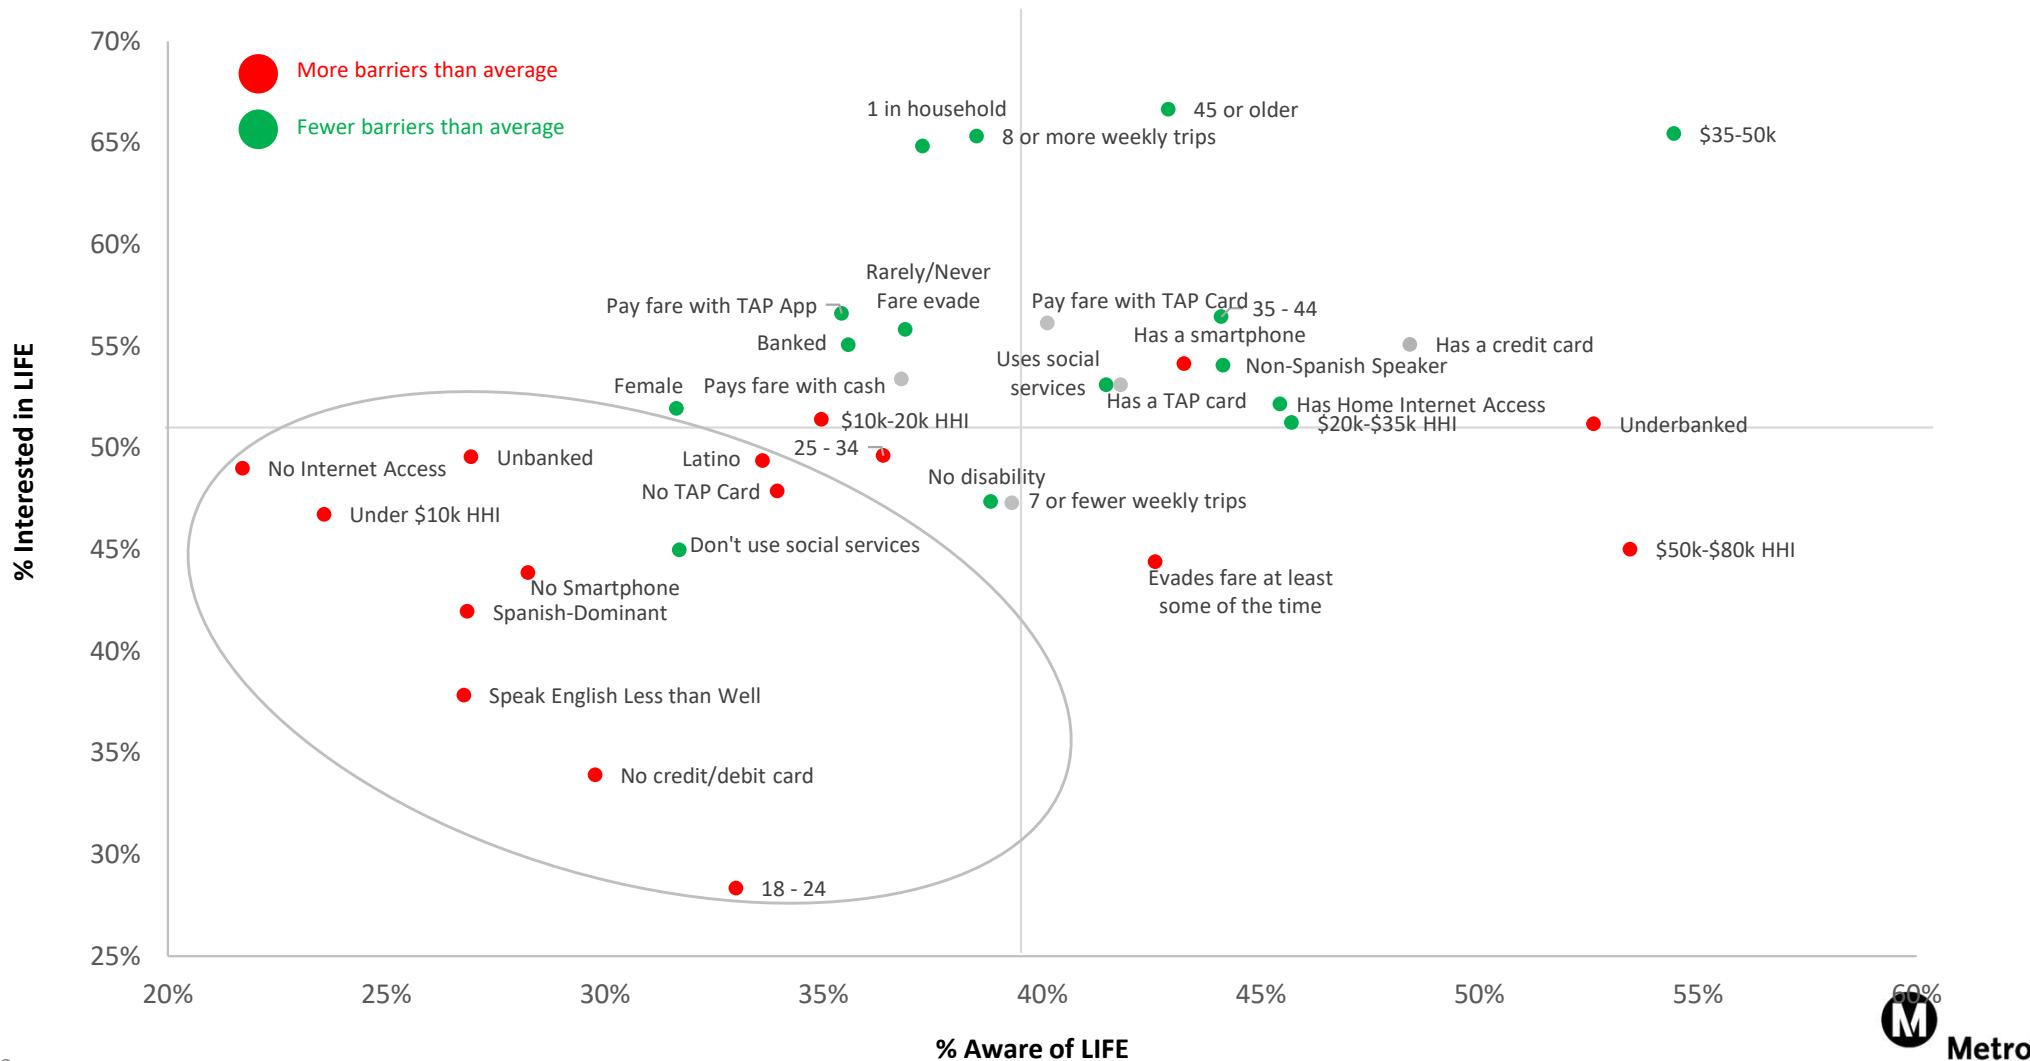

The following groups are more/less likely to join LIFE

More Likely to be LIFE Member	Less Likely to be LIFE Member
<ul style="list-style-type: none"><li>• Rarely/Never Evade Fare</li><li>• Age 45-54</li><li>• Use Any Social Services</li><li>• No High-Speed Internet At Home</li><li>• Frequent Transit Riders</li></ul>	<ul style="list-style-type: none"><li>• Age 18-24</li><li>• Age 65+</li><li>• Underbanked</li><li>• Latino (slightly)</li></ul>

Likelihood of joining LIFE was determined by comparing LIFE Member and Eligible Non-Member demographics. Demographics that made up a greater proportion of LIFE Members than Non-Members were considered "More Likely to be a LIFE Member". Sources: LIFE member survey, LIFE non-member survey

Some of the groups that may need LIFE the most are the least aware and least interested. They are also more likely to have more barriers.

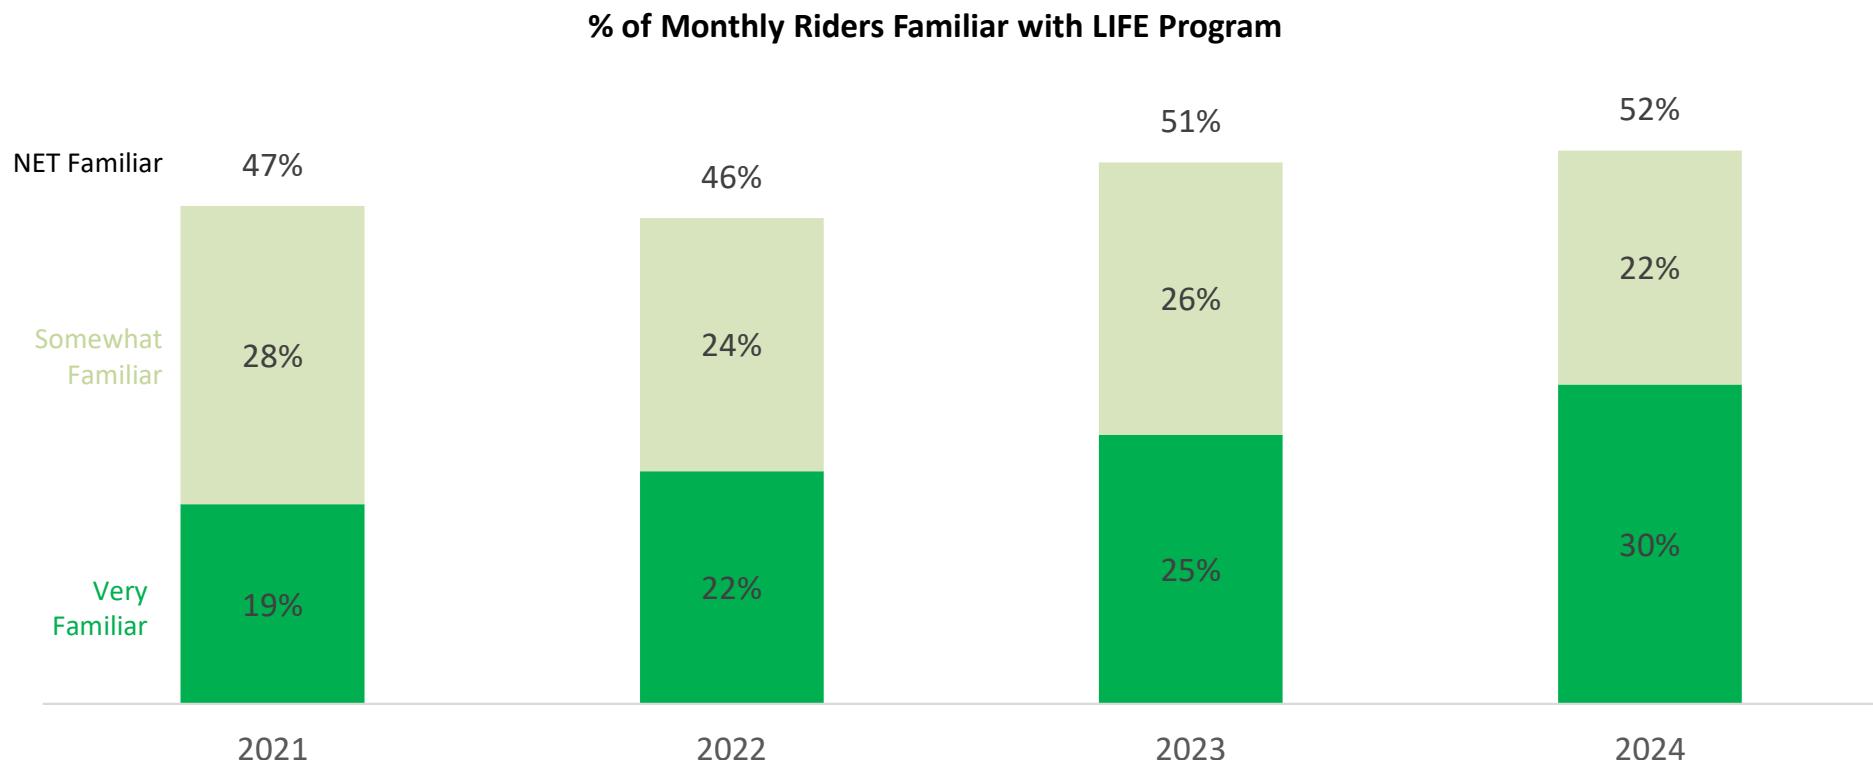

BARRIER

## **Lack of Awareness**

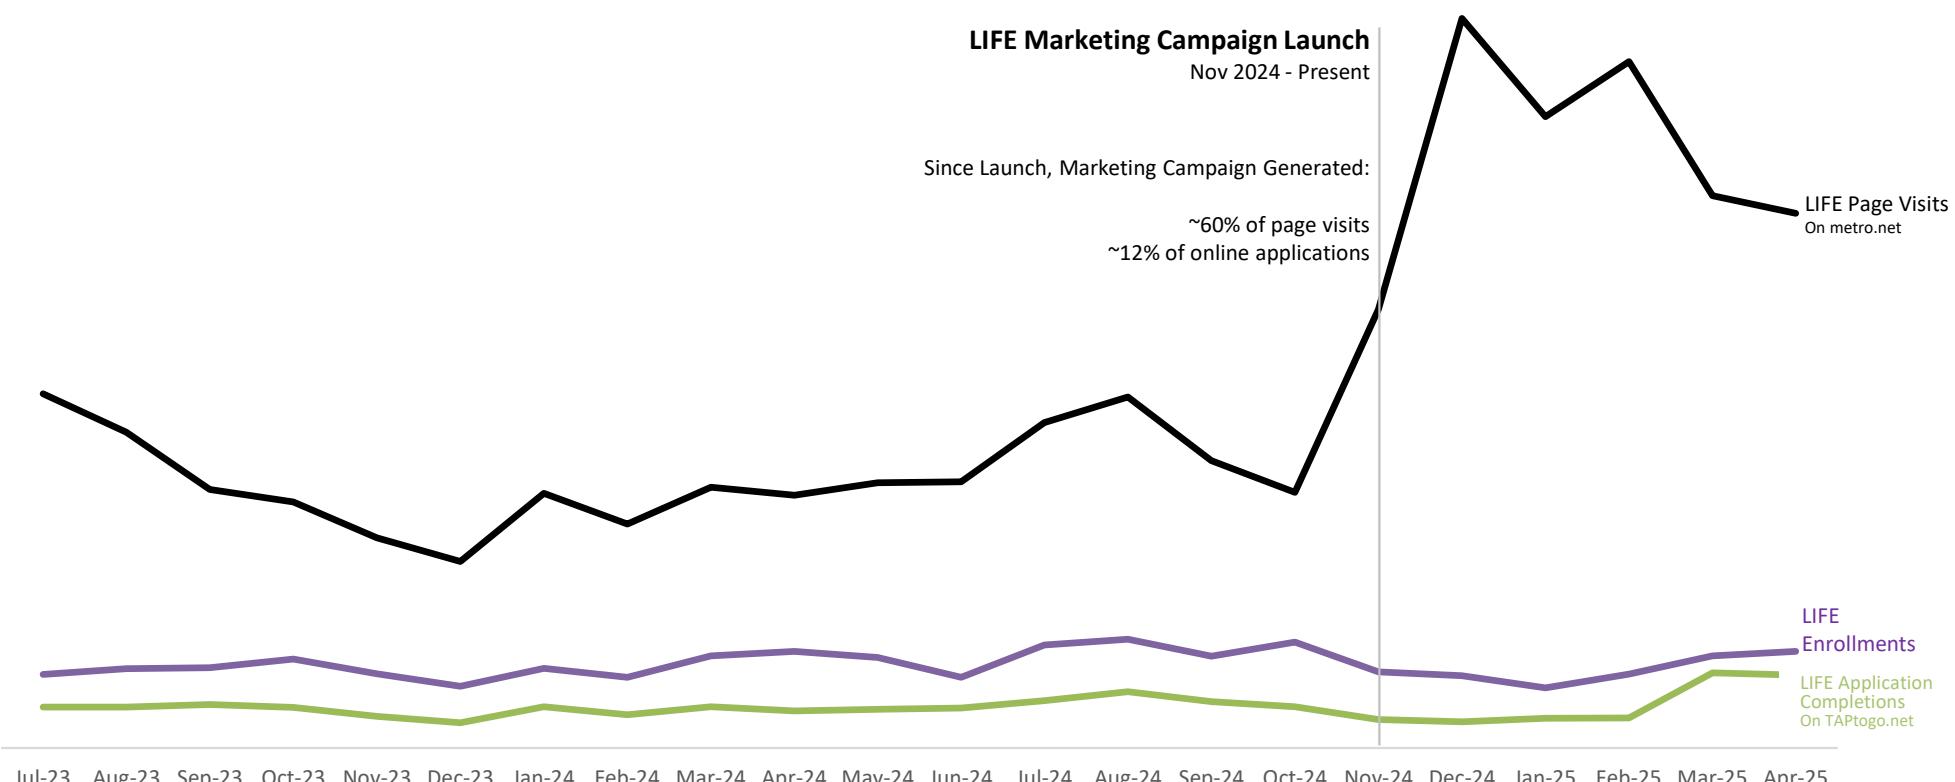

Since 2021, familiarity with LIFE, particularly *very* familiar, has increased among regular Metro riders

Note: this includes LIFE Members

LIFE page visits on Metro.net have spiked since launch of latest LIFE marketing campaign, but visits to LIFE Application page and enrollments have not increased

LIFE application completion page visits and enrollments may be trending up slightly in March and April 2025.

## The two most preferred sign-up methods are online and at a station/stop.

There appears to be an opportunity to increase the role of Metro channels (including stations and customer centers) in sign-up, although riders may have selected Customer Centers without full awareness of where they are located.

SIGN-UP BARRIER

**Benefits aren't appealing enough**

Nearly two-thirds of potential LIFE members find the 20 free monthly rides at least very appealing

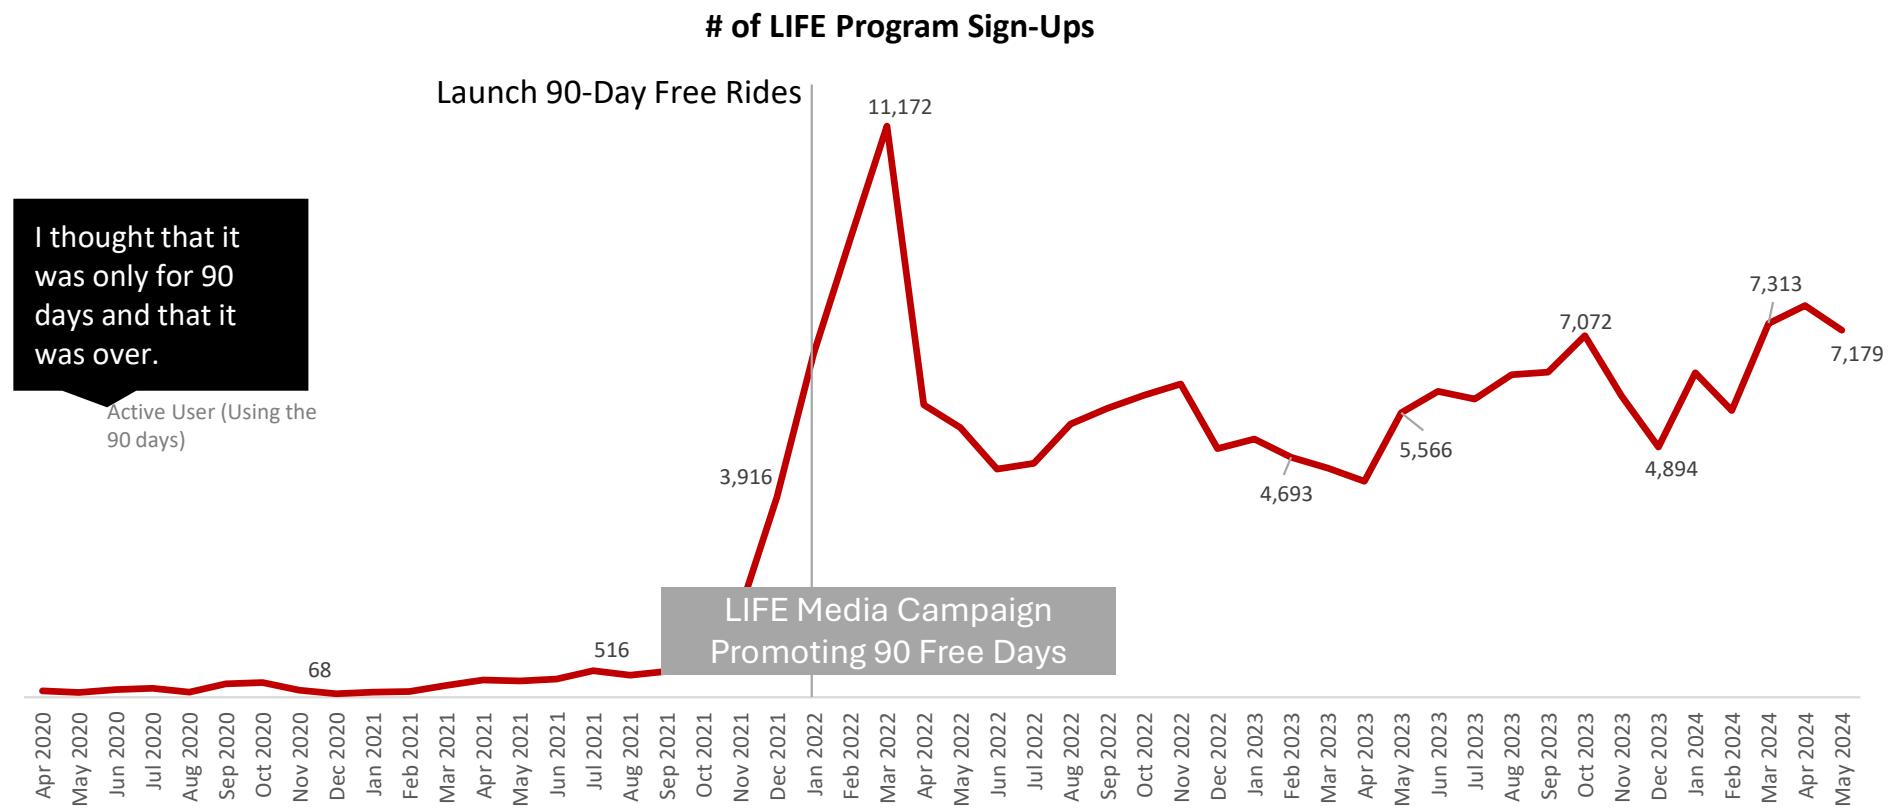

### Appeal of LIFE Program Benefits

(Among Potential Members)

# LIFE Program sign-ups spiked and remained elevated after launch of 90 Days of Free Rides, suggesting the 90-Free Days is appealing

The corresponding media campaign likely had a big role in the increase, but sign-ups have remained high even after media campaign ended.

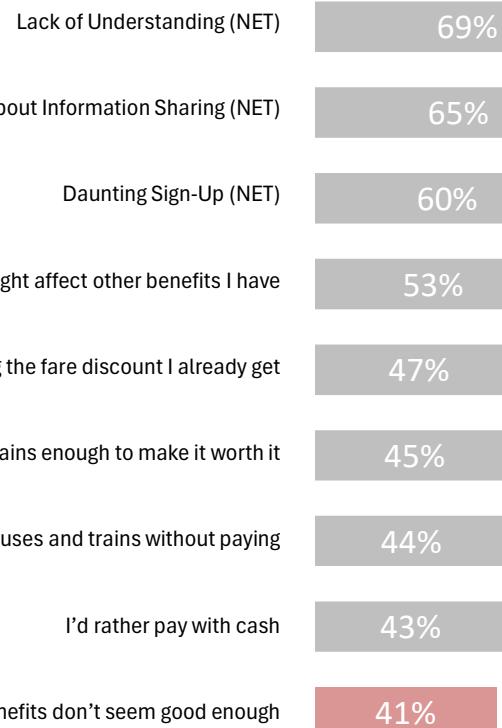

# The LIFE benefits not being perceived as good enough is not of one the biggest barriers, although it over half cite it as a barrier in usage

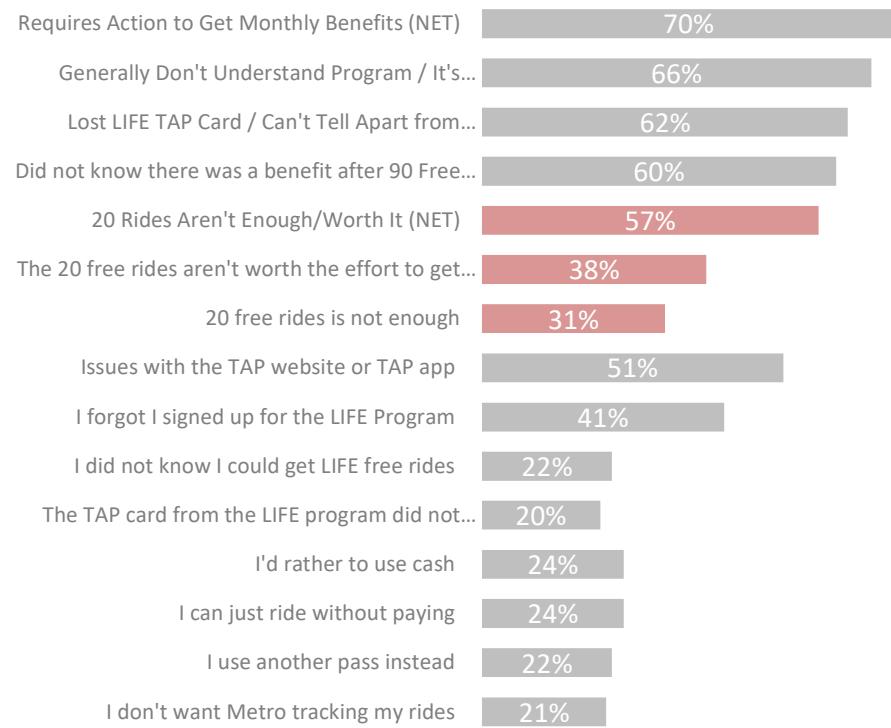

## Reasons Why Wouldn't Sign Up

(Among ALL Potential Members, Including Previously Un/Familiar)

NET Big/Small Reason

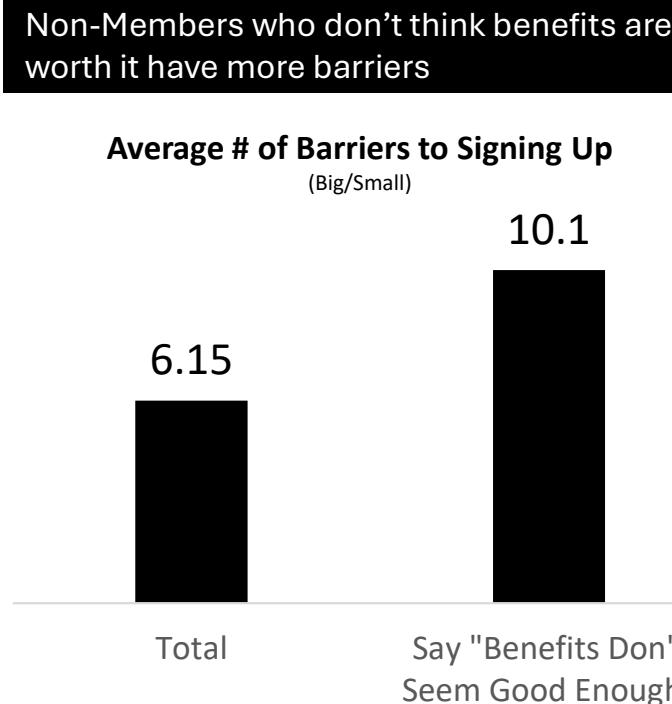

## Why Never Used / Stopped Using LIFE Monthly Benefits

LIFE non-member survey Q: (AFTER SHOWING LIFE PROGRAM DESCRIPTION & BENEFITS) Imagine that you don't sign up for the LIFE Program. Which of these would be reasons why you don't sign up?  
 LIFE member survey: Q: Why have you never used any of your LIFE free rides? / Q: Why haven't you ever used the 20 free rides or gotten a discounted transit agency pass? / Q: Why haven't you added your 20 free LIFE Program rides or a discounted transit agency pass to your TAP card lately? Responses to this question are proportionally weighted to match TAP data: 43% have never used their LIFE benefits, 48% used only the 90 free days, and 9% used the monthly benefits then stopped.

The question of whether the LIFE benefits are enough, is answered relative to the effort required to get them

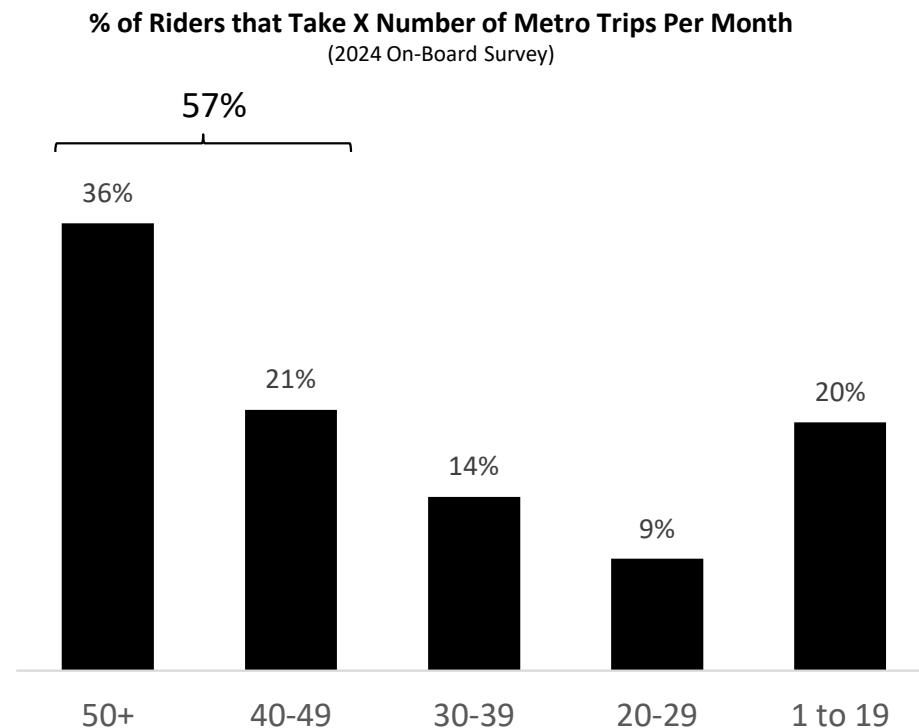

**Non-Members who believe the benefits aren't good enough are more likely to have the following barriers:**

- I don't want to or can't share my photo ID
- I don't want to give Metro my contact information
- The LIFE program & sign-up sounds confusing
- I can just ride buses and trains without paying
- I don't ride buses or trains enough to make it worth it
- I'd rather pay with cash

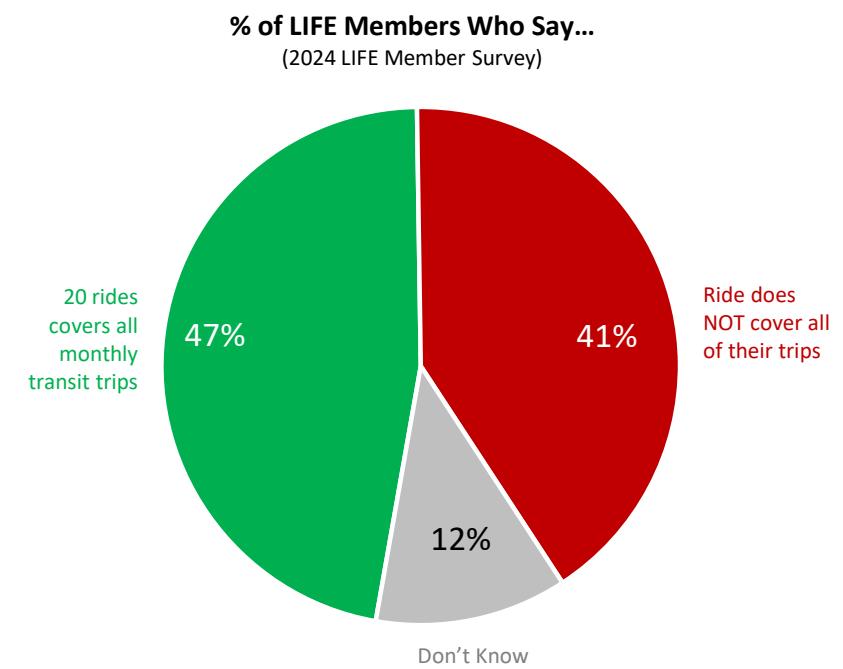

# 20 free rides a month does not cover most rides for most riders

**For 57% of Metro riders, 20 rides is less than half of their monthly rides.**

**Fewer than half of LIFE members say 20 free rides cover all of their monthly transit trips.**

2024 onboard survey riding frequencies were converted into days per month traveled, and then into trips per month, assuming 2 trips (1 round trip) per day – a conservative assumption.  
Q: In a typical month that you've added the LIFE 20 free rides, do the 20 rides cover all of your transit trips that month? Source: LIFE member survey

# There are mixed opinions about whether the 20 free rides per month is enough

I travel with more freedom, because I didn't have to put money in, so I travel a little more

Active User (Using the 90 days)

I'm happy, because those **20 days** would cost me money, and thanks to that LIFE Program I save a lot.

Active User (Using monthly LIFE benefits)

Now that I know that I get **20 free rides a month**. That's very helpful.

Inactive LIFE Member (Stopped using monthly LIFE benefits)

**It's worth the effort.** It's 20 free rides a month, and that's saving money.

Active User (Using the 90 days)

It would be perfect, actually.

Eligible Non-Member

**That sounds fantastic.** I'm not gonna lie... the fact that you can get free transit!

Eligible Non-Member

**It [20 free rides] would help me a lot**, because I have a lot of doctor's appointments and I have to take the bus.

Eligible Non-Member

**20 free trips is enough.** It's a big help, because I don't pay an entire week of bus trips.

Active User (Using the 90 days)

**I use them up quick**, because I work every day.

Active User (Using monthly LIFE benefits)

Give more rides. People go from back and forth, 30 to like maybe 40 rides.

Active User (Using monthly LIFE benefits)

20 [free rides] is great, not too much, nor too little, but if there were more, it would be better.

Eligible Non-Member

For me, it's **learning to conserve it**, like don't use it all at once. I might need two buses to get there and two buses to get back

Inactive LIFE Member (Lapsed after 90 days)

A person was making \$35,000 a year... if we give them 20 free rides, there's not still **not enough to make a dent**

Inactive LIFE Member (Lapsed after 90 days)

The 20 free rides per month is not enough- because typically everybody's usually taking two buses. On average, 40 to 60 would be a good number for everyday commuters.

Inactive LIFE Member (Lapsed after 90 days)

I think this should get 40 rides at least. 20 rides is good, but **40 would be great**.

Active User (Using monthly LIFE benefits)

[20 free rides] is not enough because **each day I take 4 buses**.

Inactive LIFE Member (Lapsed after 90 days)

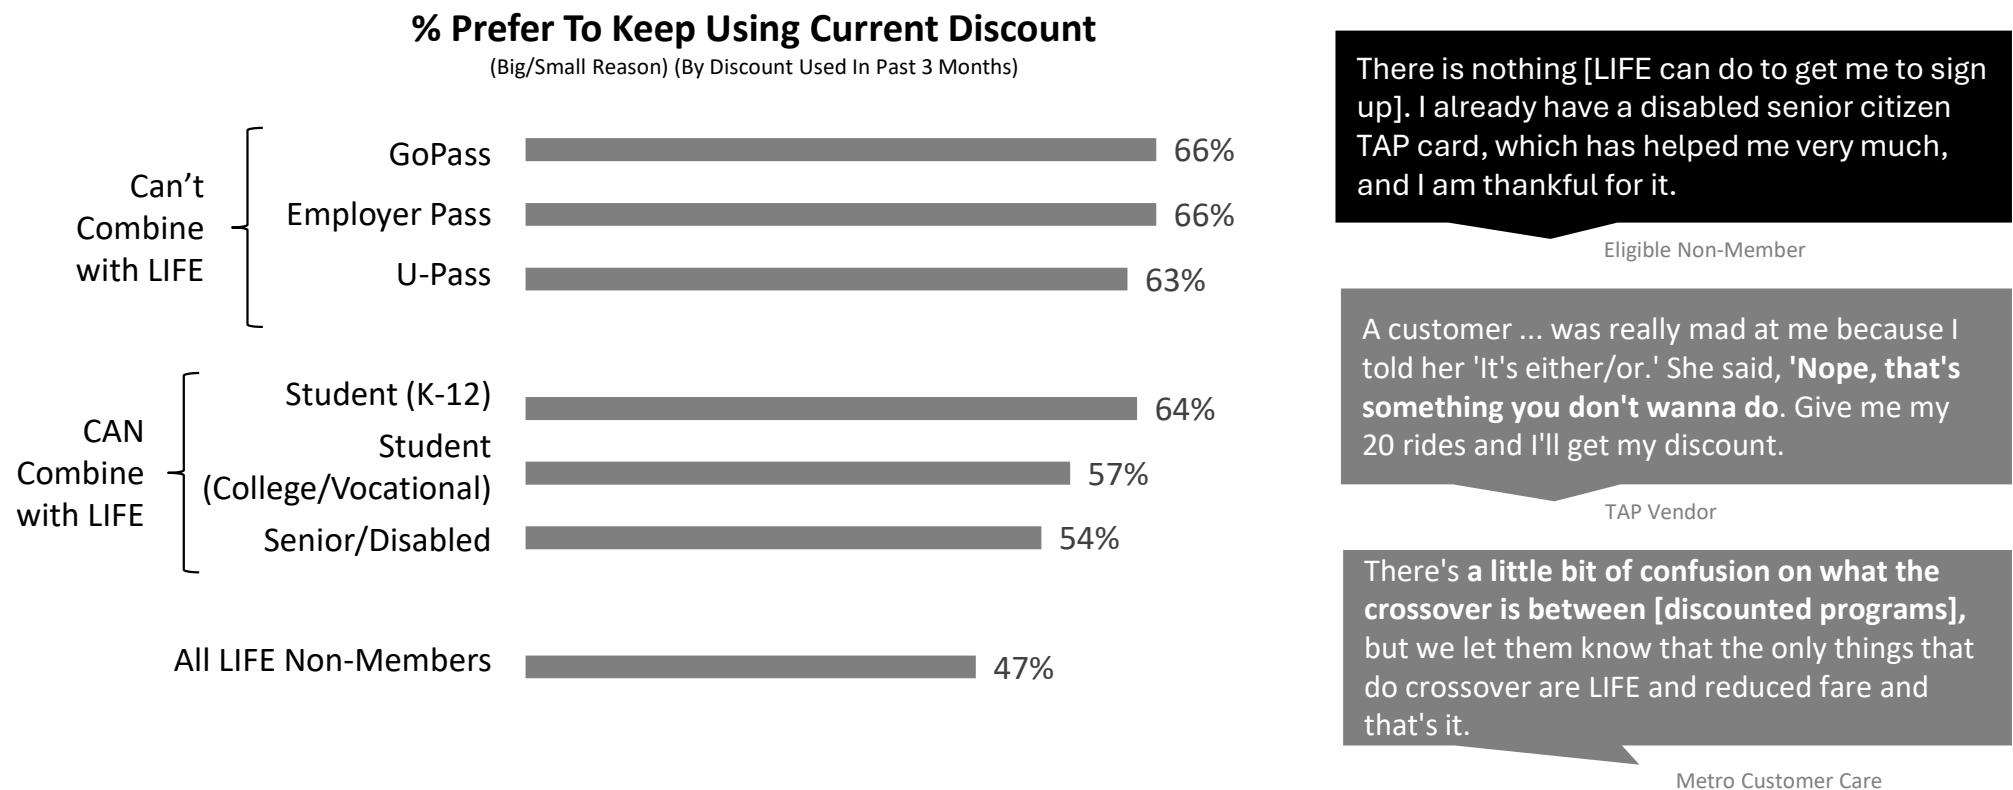

Confusion around transfers contributes to perception of insufficiency

SIGN-UP BARRIER

I've learned that not everybody has an ID. I know a lot of people, too, that are, you know, don't have their immigration status here in the United States. So, it's a big barrier.

## Usage

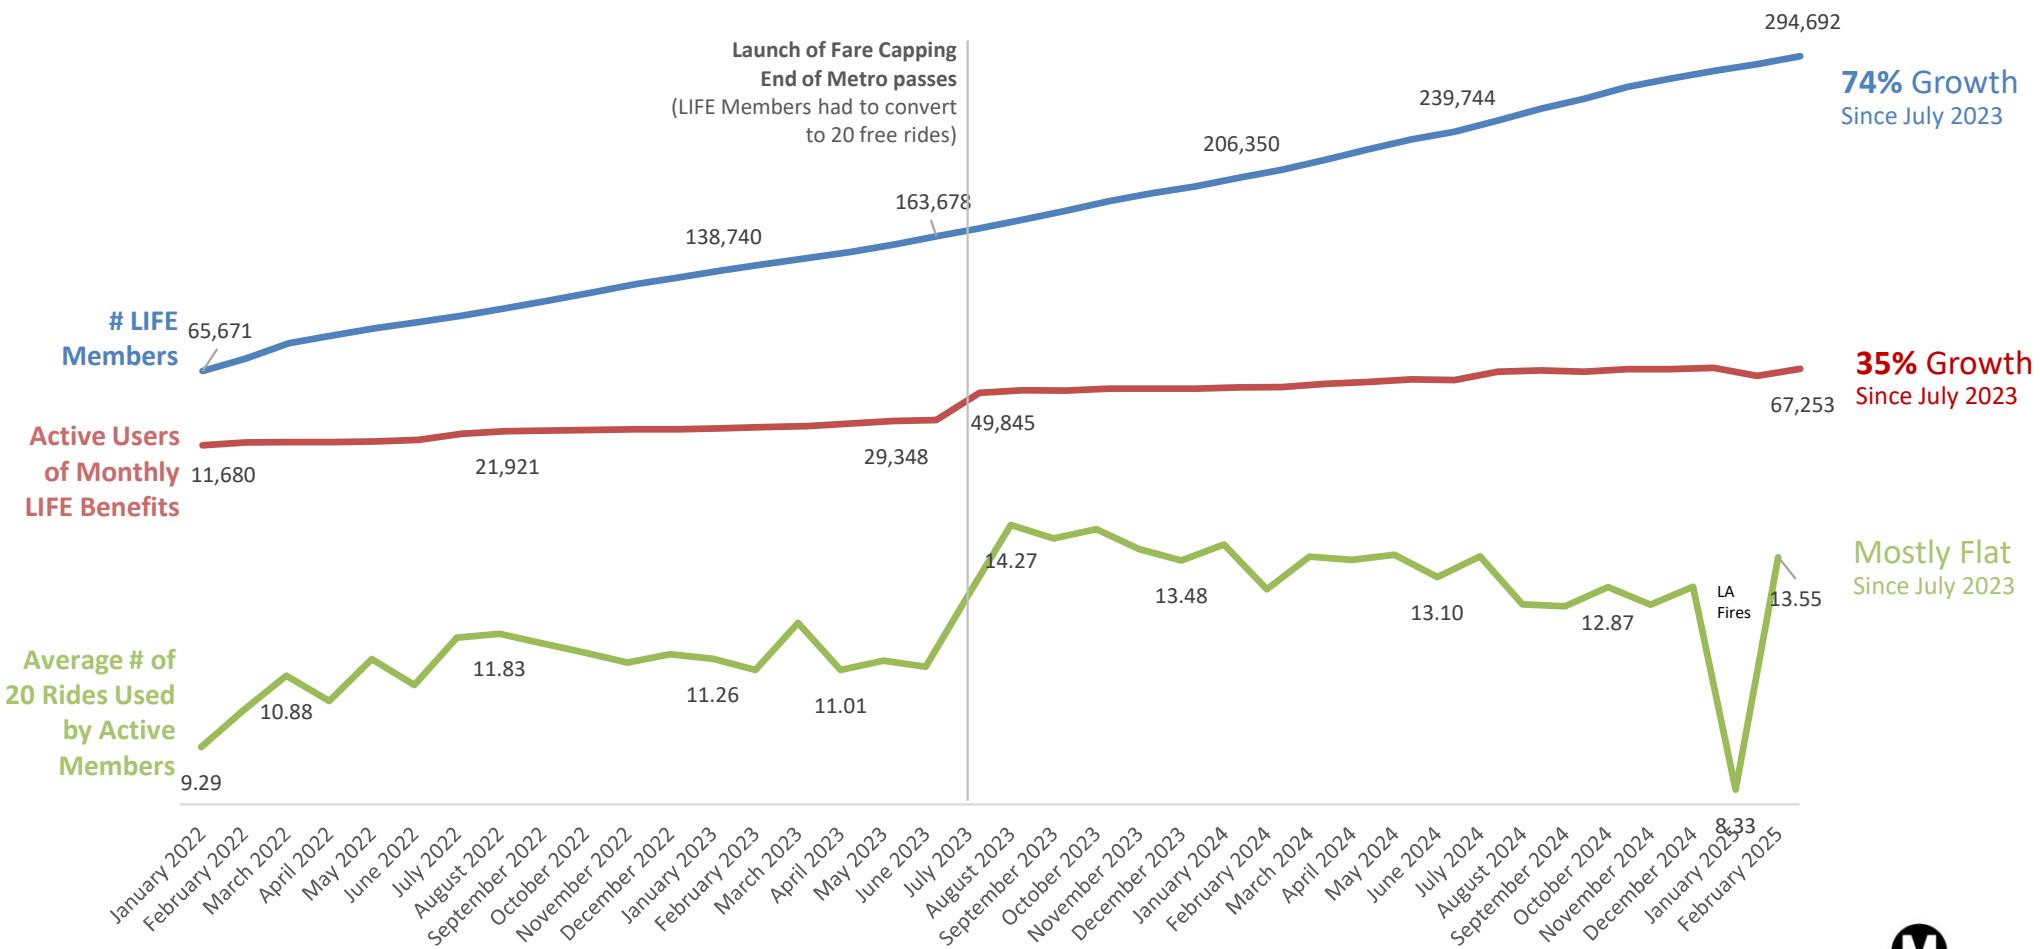

Why aren't more riders using their LIFE  
Program benefits?

# For many, using LIFE requires many steps

Efforts have been made to streamline (e.g. auto-redemption)

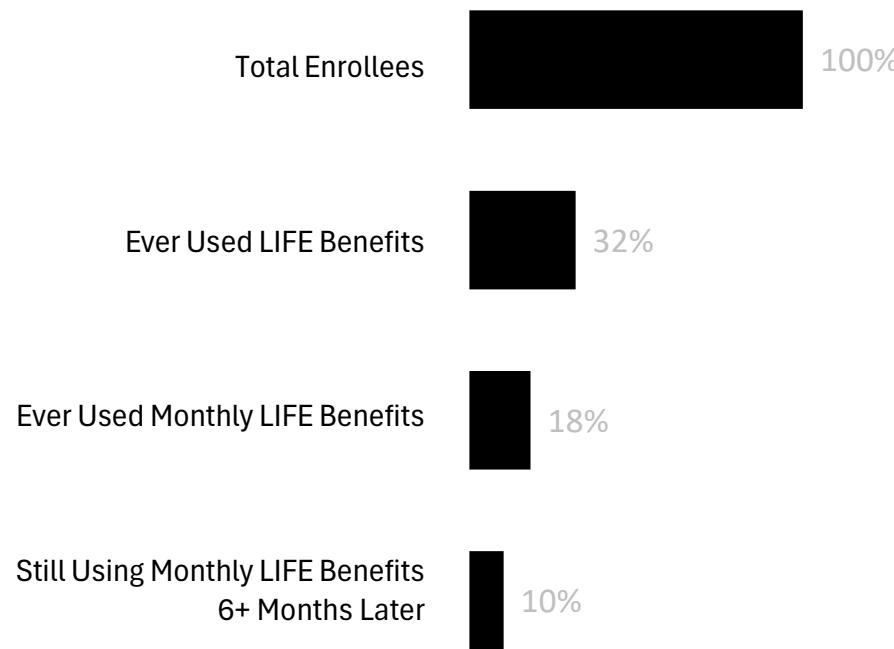

Since launch of Fare Capping in July 2023, there has been a 74% increase in the number of LIFE Members, but only a 35% increase in the number of active members.

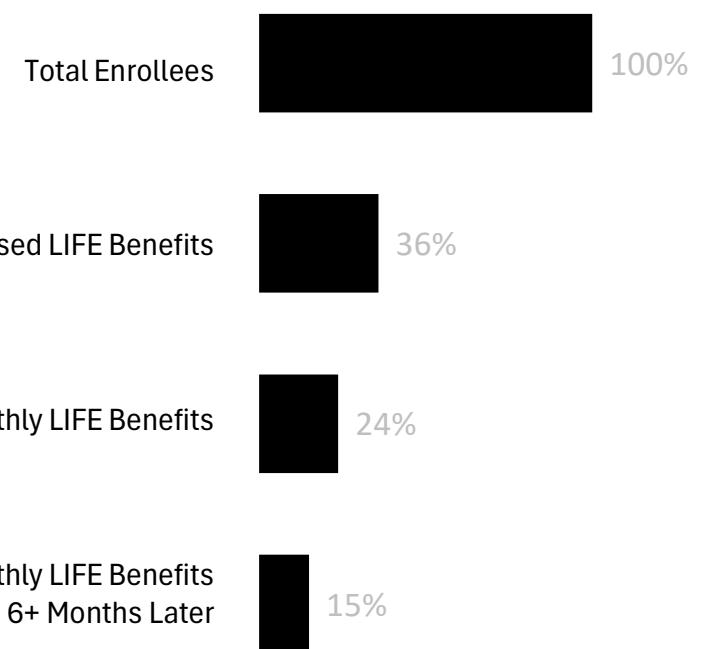

# Slightly more 2024 LIFE enrollees have used the LIFE Program than 2023 enrollees, at each stage of the program.

However, the % of enrollees still using the program 6 months later has room to improve.

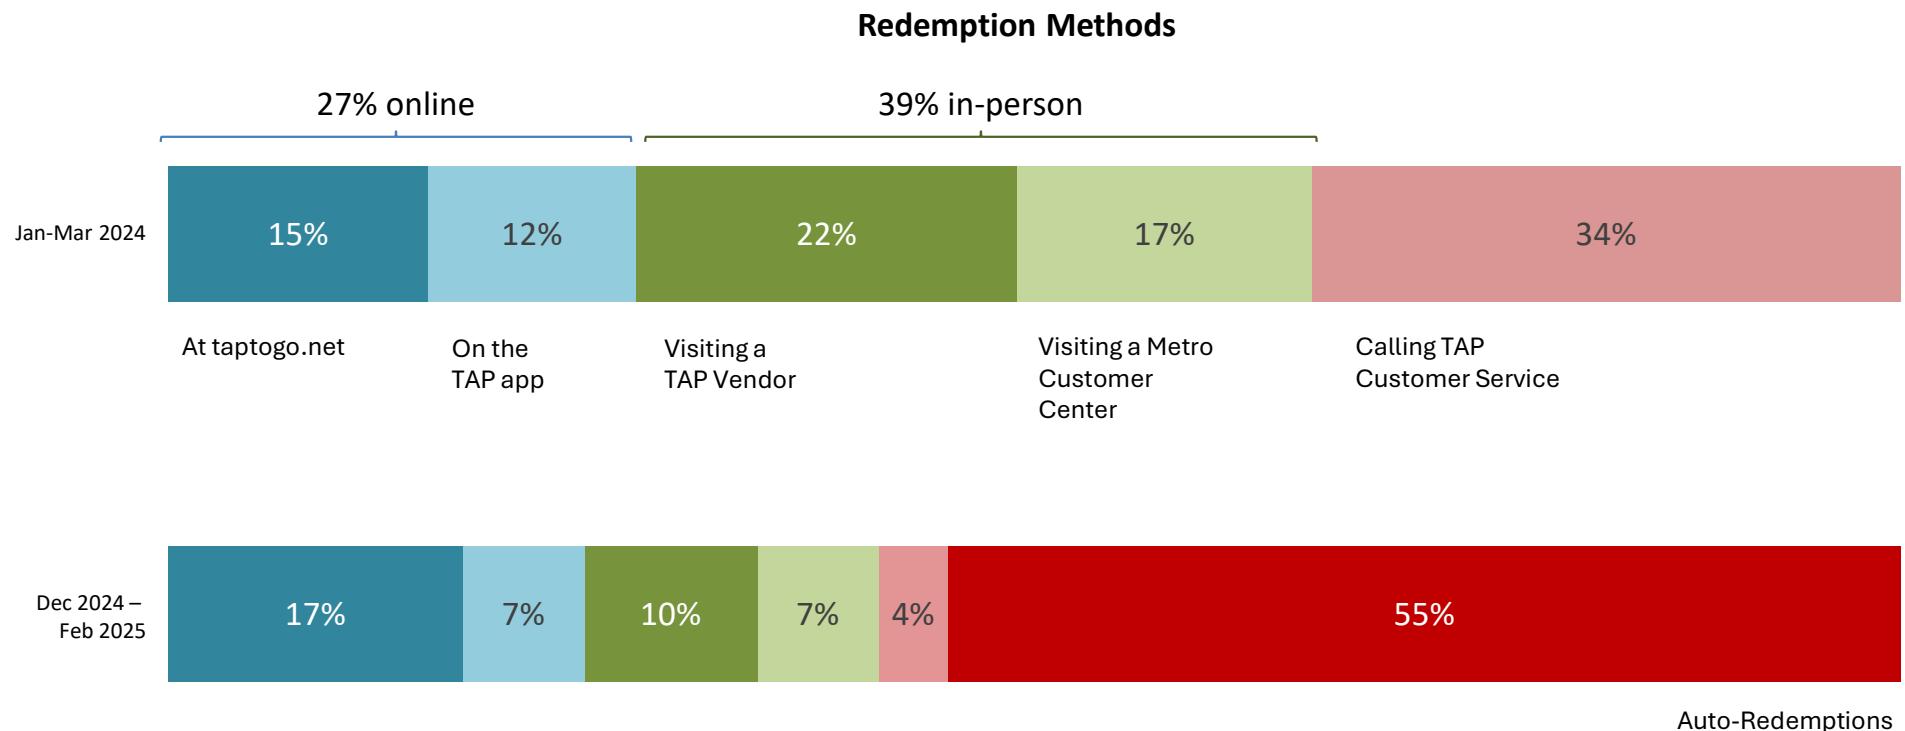

**Enrolled January-June 2023**

**Enrolled January-June 2024**

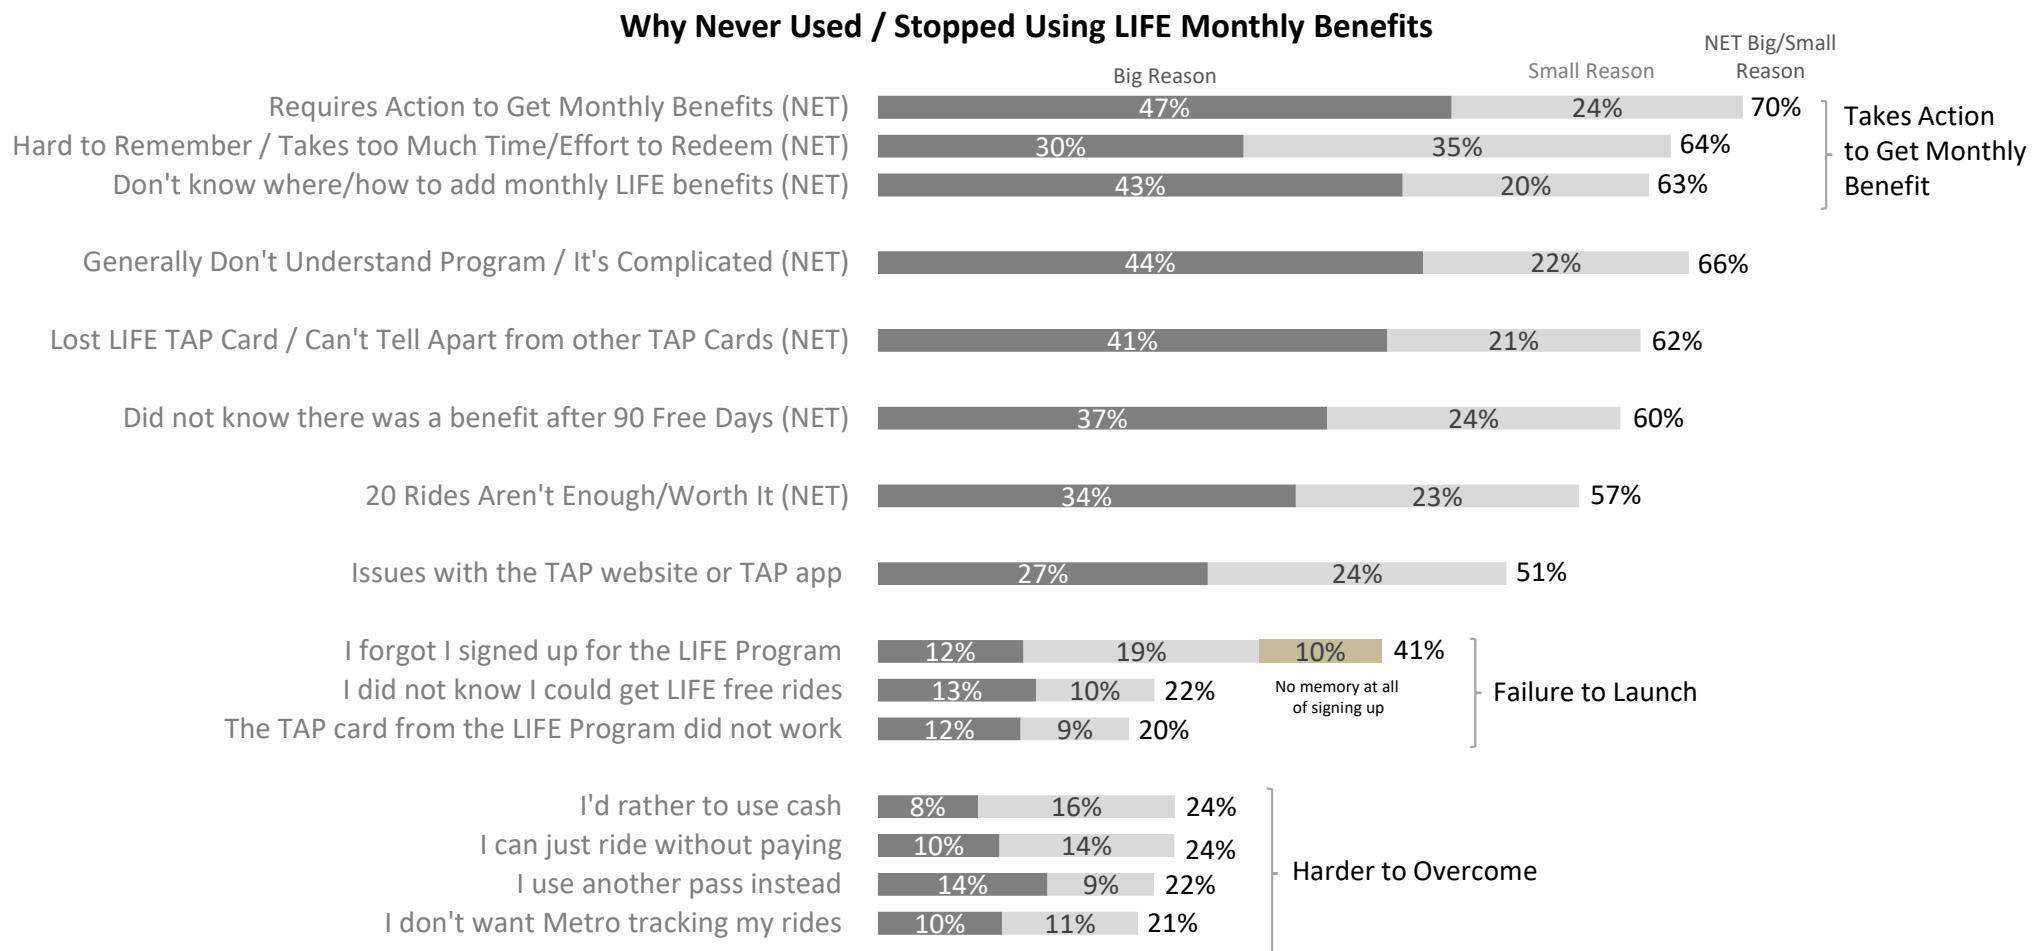

# Redemption methods have shifted from mostly in-person and calling to auto-redemption (launched Aug 2024)

Data source: TAP database. Online total is the difference between total number of redemptions "online" minus "Calling TAP Customer Service". Jan-Mar 2024. The ratio of TAP vendor to Metro Customer Service Center redemptions using the RPOS devices in Dec 2024 – Feb 2025 is assumed to be the same as in Feb 2025.

# The biggest reason for stopping using LIFE benefits is that it requires action each month to get benefits

# Notable Barrier Differences by LIFE Usage

# Some report not hearing from LIFE after sign-up, or their LIFE TAP card not working

## Did Not Hear Back

I assumed that they [would] send you a card, or whatever you know, if you're approved for it but I never did hear anything from it.

Inactive LIFE Member  
(Lapsed after 90 days)

## Did Not Get LIFE TAP Card

I never got my [card]! I have a TAP card, but it's not the LIFE TAP card. I never got that

Inactive LIFE Member  
(Signed up, but never used LIFE benefits)

They sent me one electronically, but physically I haven't received a card in the mail. The one they sent me says are no passes on this card yet.

# Examples of Lack of Understanding

## Unaware of 90 days

They didn't tell me that you were gonna have 90 free days. I just found out when I tapped it.

Active User (Using the 90 days)

## Unaware of 20 Free Rides

"So, once they take the bus again after they [the 90 days] expire, they're like, 'OK, that's it.'"

LIFE Program Administrator

"Maybe they [clients] forgot they didn't understand that after the 90 days they can load the 20 free rides."

LIFE Program Administrator

I just found that out yesterday about the 20 free rides.

Inactive LIFE Member (Lapsed after 90 days)

I had heard about [the 20 free rides], but I am not sure how it worked. Will they count every time I board? ... Can that be done online or do I have to go to a Metro location to get the benefits?

Active User (Using the 90 days)

I didn't think they would be giving you 20 rides every month. I thought it was a one-time deal.

Inactive LIFE Member (Stopped using monthly LIFE benefits)

## Misunderstanding 20 Free Rides

I think they forgot that they can only load them once a month, so sometimes they'll be done with the 20 free rides and they come and try and load them again once they're done with them.

20 rides aren't added automatically

# Among LIFE Members, nearly two-thirds don't where/how to add their free rides and a similar number are hindered by the effort it takes to redeem monthly benefits

I thought the free rides would go automatically on the card. I didn't know you had to activate them.

Inactive LIFE Member  
(Lapsed after 90 days)

I didn't know you had to call every month to get the 20 free rides.

Active User (Using the 90 days)

Sometimes I would just take the loss and just like spend the regular amount of like riding, just because I didn't want to go through the hassle so that was kind of more of what I was doing, because I just didn't know about the rest of the benefits

Inactive LIFE Member (Stopped using monthly LIFE benefits)

If the rides were automatically added on the top of the month, that would just be simpler. It would reduce the hassle of me, remembering to call.

## Have to Physically Go Somewhere

I just go down [Metro Customer Service Center] cause it's **only one train stop away or a bus ride**. It's about like a five-minute bus ride, give or take. They're fairly empty so I'd say it takes about five minutes at most.

Inactive LIFE Member (Stopped using monthly LIFE benefits)

Every month on the first I **go to check cashing**, which is on Broadway and daily in Lincoln Heights. **Usually there's a line. But it's not too bad**, and I just tell them like I can. I get my 20 LIFE passes, and they just take my TAP card and put it on there and then. That's it. It's really easy.

Active User (Using monthly LIFE benefits)

There's several customer service centers in LA. I **drive to Baldwin Hills**. They can just add it to my TAP card. They give me a receipt

Inactive LIFE Member (Stopped using monthly LIFE benefits)

I had several experiences with different stores, that **they didn't want to do it, that their machine didn't do it, that the card didn't work**, that it didn't process the service, that it was under their system, that I had to better call by phone, because they couldn't do anything.

Inactive LIFE Member (Stopped using monthly LIFE benefits)

## Calling & Waiting

**It can be annoying. Cause sometimes you have wait for an hour**

Inactive LIFE Member (Stopped using monthly LIFE benefits)

I'm not good with technology. I had to be calling. You have to wait one hour before that you can use it. Sometimes you had to leave your number so they could call you back to be able to add the 20 days. **[Now] my daughter and my son do it [for me] on internet**, through the TAP page.

Active User (Using monthly LIFE benefits)

**It's a little bit difficult to add. The only way I know how to do it is to call.** I don't know of any way to do it on the app or the website. Calling can be a little bit out of the way.

Inactive LIFE Member (Stopped using monthly LIFE benefits)

## Website Challenges

I've been told that you can do it online, but I couldn't figure out how. So I think it just makes the most sense to just do it in person and have somebody help you.

# Summary

# Key Opportunities to Increase LIFE Program Post-Sign-Up Usage

Given that only 16% of those who ever signed up have used the LIFE Program recently, the greatest opportunity to increase usage is by making adjustments post sign-up.

- **Improving On-Boarding Experience for New Members**
  - 41% of those who sign-up don't remember they sign-up
  - 77% of those who sign up are familiar with the LIFE Program, but with only 41% "Very familiar", suggesting room to improve
  - 51% of Members cite not knowing enough about how the program works
  - 20% report not receiving a working LIFE TAP card after sign-up
  - Anecdotally, some new members don't recall hearing from LIFE after sign-up
- **Making Sure Members Can Get Questions Answered**
  - About half (51%) of LIFE Members say they can't get answers to their questions
- **Ensuring Initial 90 Day Users Know About the Ongoing 20 Free Rides**
  - Among those who use the initial 90 free days, 66% cite not knowing about the monthly benefits as a reason for not using LIFE further
- **Reducing/eliminating effort to get monthly benefits**
  - The biggest reason (70% cite this) LIFE Members have for not continuing to use the program is the effort it takes to get the monthly benefits
  - This is comprised of not knowing they had to do something (45%), not knowing where/how to add monthly benefits (49%), forgetting to do it (40%), and it taking too much effort (40%)
- **Making it Easier to Keep Track of LIFE TAP Card**
  - 52% of LIFE Members say not knowing which TAP card has their LIFE Benefits on it is a reason for not using the program
  - 43% say they have lost their LIFE TAP card

# Key Opportunities to Increase LIFE Program Sign-Ups

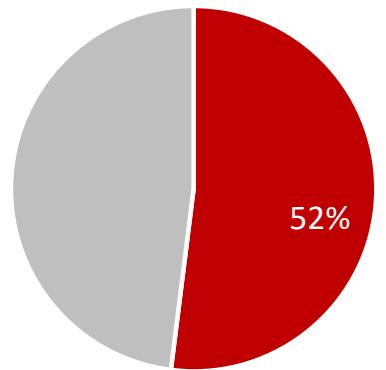

- **Increase awareness and familiarity**
  - Only 39% of Eligible Non-Members are aware of the LIFE Program and only 15% are familiar.
  - Even among those familiar, the biggest barrier to sign-up is not knowing enough about the program, with 75% citing that as a reason.
- **Make sign up seem easy**
  - 73% of those aware of LIFE cite not knowing how to sign up as a barrier
  - Even after a brief explanation of the sign-up process/options, 60% of Eligible Non-Members thought sign-up sounded either like too much work or confusing.
  - Online sign-up is the most preferred sign-up method among potential members—52% include in top two preferred methods
- **Clarify Eligibility Requirements and How LIFE interacts with other discounts**
  - 61% of Eligible Non-Members who are aware of LIFE don't think they would qualify
  - 64% of Student (K-12) discount holders and 54% of seniors cite preferring their current discount as a reason for not signing up for LIFE
- **Reduce Privacy and Documentation Concerns**
  - 51% of Eligible Non-Members cite not wanting to share their information, as a reason for not signing up. For 22%, this is a “big” reason, for whom they may not have an I.D. to provide or have concerns related to immigration status.
  - The 29% for whom this is a small reason may be more swayable.

# Some groups will be harder to convert into LIFE Members

- **Regular Fare Evaders**
  - For some, fare evasion is an easier solution than signing up for and using LIFE
  - 44% of boardings (2023) did not have payment. An additional 8% of boardings involved partial payment.
  - 44% of Eligible Non-Members cites being able to board without paying as a reason for not joining LIFE. 20% say it is a big reason.
  - Among LIFE Members, fare evasion is less of a reason for not using LIFE benefits, but it still keeps some from using their benefits. 24% list not paying as a reason for not using LIFE benefits, with 10% saying it is a big reason.
- **Cash Preferers**
  - As uncovered in [Metro's Fare Payment Study \(2022\)](#), 33% of Metro Bus riders are “Cash-Dominant”, meaning they pay for Metro with cash most/all of the time.
    - This is driven, in large part, to living in a cash ecosystem, getting paid in cash and being unbanked or underbanked.
  - Cash customers’ biggest barriers to using TAP in general that they use cash for most purchases and that it is easier for them than TAP. 66% say they’d have to go out of their way to use TAP. (Fare Payment Study, 2022)
- **Concerned About / Unable to Share Information**
  - 65% cite not wanting to share information as a barrier to signing up. 30% list it as a big reason.
- **Infrequent Transit Riders**
  - Those riding transit less than 7 trips per week are significantly less interested in joining LIFE
  - 21% of Non-Members ride transit less than once a week, for whom it will be hard to build a compelling case for joining

**% of Eligible Non-Members Who Will Likely Be Difficult to Convert**  
(have at least one of barriers on left)

# Impact of Recent LIFE Program Initiatives

- **Email Reminders**
  - **Background:** Starting in late April, through October, LIFE sent out email reminders with instructions to redeem monthly benefits.
  - **Impact:** Months with email reminders had 24% higher monthly redemptions per member than months without
- **Auto-Redemptions for Monthly Benefits**
  - **Background:** Starting in August 2024, LIFE Members who called to redeem their monthly benefits were offered the option to enroll in auto-redemptions, so that for all months going forward, they would automatically receive their monthly benefits.
  - **Impact:** The number of auto-redemptions has increased from 1,353 in August to 28,964 in February, totaling 55% of all redemptions in February. Our estimate is that auto-redemptions have increased the number of people redeeming each month by about 20,000.
- **South LA Pilot**
  - **Background:** Starting in July 2024, existing LIFE Members were offered 6 months of free rides.
  - **Impact:** 465 of Members have enrolled. Those who enrolled and used the free rides saw a 68% increase in their TAPs on Metro. Early analysis suggests that the increased usage during the pilot does not hold after the pilot ends.
- **Marketing Campaign**
  - **Background:** In November 2024, Marketing launched a campaign with the primary goal of increasing LIFE benefit redemptions and usage among current members, with ad placements on social media platforms; Spanish-language radio stations; print media (including Spanish publications); and entertainment, news, and sports sites.
  - **Impact:** Since launch, the campaign has driven about 60% of LIFE webpage traffic, but only 12% of sign-ups.
