# New Multi-Layered Deployment Update

- The following reflects the results of the deployment for the month of September.
  - 207 citations and written warnings, and 1,901 verbal warnings issued by Transit Security Officers.

# September Public Safety Trends and Statistics

- Overall systemwide Part 1 crimes (violent or major crime classification) declined by 17% (117 vs 141) when comparing August to September.
  - The decline was associated to a drop of 41.8% (32 vs 55) in aggravated assaults and 21.6% (29 vs 37) in robberies.
- Part 2 crimes (less serious crime classification) systemwide increased by 47.5% (295 vs 200) in comparison from August to September.
  - The increase was a direct result of a significant rise of 145% (98 vs 40) in trespassing arrests, 26.2% (106 vs 84) in battery incidents, and 22% in narcotic arrests.
  - The substantial increase in the number of trespassing arrests is directly attributed to an increased focus on addressing trespassers both in the ancillary areas and on the system.
- Since our increased enforcement efforts began in April, overall crime is still sharply down across the system by 42.7%.
