Coverage Description

Marsh USA, LLC (Marsh) provided a proposal of coverage for cyber liability insurance. The following summarizes the coverages and exclusions:

Included Coverage

Exposure	Brief Description
SECURITY AND PRIVACY LIABILITY (INCLUDING EMPLOYEE PRIVACY)	Covers the insured's liability for damages resulting from a data breach. Such liability most often results from (1) loss, theft, or unauthorized disclosure of personally identifiable information (PII) in the insured's care, custody, and control; (2) damage to data stored in the insured's computer systems belonging to a third party; (3) transmission of malicious code or denial of service to a third party's computer system; (4) failure to timely disclose a data breach; (5) failure of the insured to comply with its own privacy policy prohibiting disclosure or sharing of PII; and (6) failure to administer an identity theft program required by governmental regulation or to take necessary actions to prevent identity theft. In addition, this insuring agreement covers the cost of defending claims associated with each of these circumstances
SECURITY BREACH RESPONSE COVERAGE	Coverage for the expenses involved in responding to a data breach. These include legal expenses, forensic experts, costs to notify affected parties and provide credit monitoring, and public relations expenses to mitigate reputational damage.
PRIVACY REGULATORY CLAIMS COVERAGE	The insuring agreement covers the costs of dealing with state and federal regulatory agencies (which oversee data breach laws and regulations), including (1) the costs of hiring attorneys to consult with regulators during investigations and (2) the payment of regulatory fines and penalties that are levied against the insured (as a result of the breach).
PCI-DSS ASSESSMENT COVERAGE	Payment Card Industry Data Security Standard (PCI DSS) was formed around 2004 by the major credit card companies to establish guidelines in the handling and processing of transactions including personal information. The policy will provide coverage for assessments, fines or penalties imposed by banks or credit card companies due to non-compliance with the Payment Card Industry

	Data Security Standard (PCI DSS) or payment card company rules.
CYBER EXTORTION COVERAGE	Cyber extortion is an online crime in which hackers hold your data, website, computer systems, or other sensitive information hostage until you meet their demands for payment. The policy will cover the cost to investigate a ransomware attack and negotiate with the hackers.
MULTIMEDIA LIABILITY	Multimedia Liability provides coverage for third-party liability claims alleging damage resulting from dissemination of media material. This covers both electronic and non-electronic media material and may include claims of copyright or trademark infringement. libel.
DIGITAL ASSET RESTORATION COSTS	Digital assets loss occurs when company data or software is corrupted or destroyed because of a network security failure. This type of loss can come because of an outside network breach or an inside job carried out by an employee. The policy covers the reasonable and necessary cost to replace, restore or re-collect digital property from written or electronic records. Additionally, investigation expenses such as disaster recovery and computer forensics is also covered.
BUSINESS INCOME LOSS RESULTING FROM A NETWORK DISRUPTION	Business Interruption covers business income loss and extra expenses incurred during a computer network outage. The coverage applies to outages of <i>internally managed IT</i> , such as employee
	devices or internal networks or databases -- not a cloud computing provider or other type of third-party IT vendor.
Bodily Injury	Injury to persons (including death)

Excluded Coverage

The proposal of coverage also indicates various exclusions or exposures that will not be covered:

Exposure	Brief Description
BUSINESS INCOME LOSS (Physical Damage)	Some insurers have brought forward business interruption coverage as part of cyber insurance or as stand-alone business interruption insurance policies. There doesn't have to be a complete shutdown to trigger the coverage. Instead, a system slowdown due to network issues or malicious elements can also be classified as a trigger.

	However, the proposal indicates there will be no coverage for physical damage BI claims.
ENSUING PROPERTY DAMAGE LOSS	Exception to an exclusion in a first-party property policy that applies in a special type of fact pattern where the damage caused by an excluded peril operates as a link in the "chain of events" that enables a covered peril to damage other property. (proximate cause) Symbolically, a classic ensuing loss fact pattern can be represented as follows: <i>excluded peril - excluded damage - covered peril - ensuing damage</i> . Note that there must be two kinds of damages—an initial loss and an ensuing loss. Most courts will not apply an ensuing loss provision if an excluded peril caused a covered peril that results in only one kind of damage.
Inspection and Loss Prevention/Mitigation Expense	Loss prevention aims to reduce the possibility of damage and lessen the severity if such a loss should occur.
Debris Removal	Debris removal insurance is a section of a property insurance policy that provides reimbursement for clean-up costs associated with damage to property.
