A. Procurement Background

This Board Action is to approve Contract Modification No. 2 to operate fixed-route local Bus Lines 177 and 603 in the North Region of Los Angeles County.

The contract modification will be processed in accordance with Metro's Acquisition Policy and the contract type is an indefinite delivery/indefinite quantity.

In February 2022, the Board awarded eight-year (inclusive of one, three-year option) contracts to Southland Transit, Inc. and MV Transportation, Inc. to provide fixed-route local transit lines in the East and South Regions of the Los Angeles County, respectively.

One modification has been issued to date.

Refer to Attachment B-2 – Contract Modification/Change Order Log.

B. Cost Analysis

The recommended amount has been determined to be fair and reasonable based on an independent cost estimate (ICE), technical analysis, cost analysis, fact finding and negotiations. Metro staff successfully negotiated cost savings of \$9,155,866.

Proposal Amount	Metro ICE	Recommended Amount
\$48,332,411	\$53,377,218	\$39,176,545

The variance between the recommended amount and the ICE is attributable to higher estimated costs for labor, fringe benefits, facility lease and maintenance, insurance premiums, and fuel costs.
