

# CRENSHAW/LAX LINE OPERATING PLAN UPDATE

# Crenshaw/LAX Scenarios (2018)

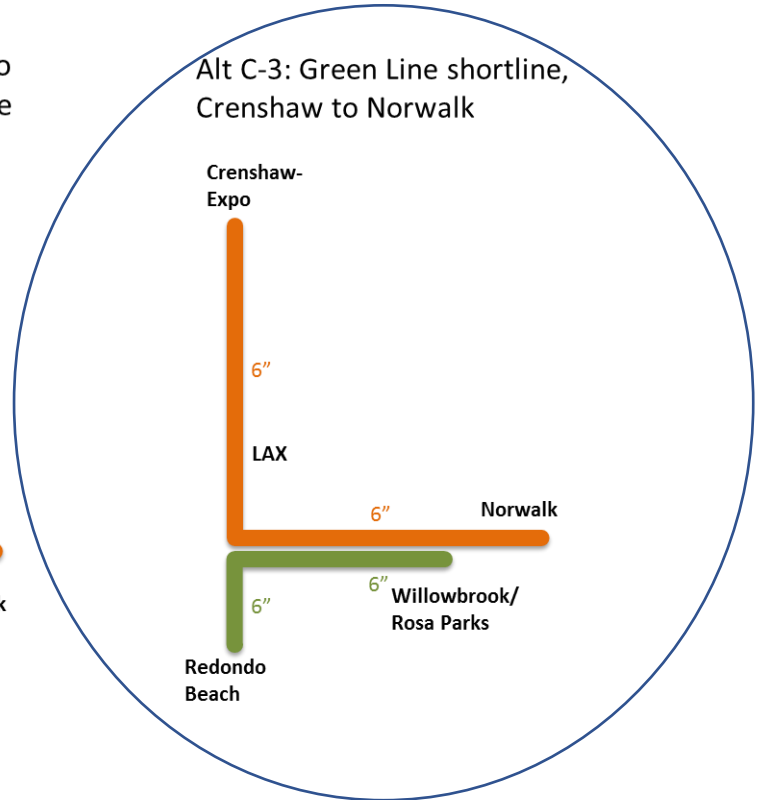

Alt C-1: Crenshaw/Norwalk Interline with Redondo Shuttle

Alt C-2: Crenshaw/Redondo Interline, Norwalk Shortline

Alt C-3: Green Line shortline, Crenshaw to Norwalk

Board Adopted  
1 Year Pilot

# Operating Plan Update Considerations

**Project  
Sequencing**

**Operational  
Impacts**

**Regional Travel &  
NextGen Bus Plan**

**Future Rail Plans**

# Project Sequencing

- Motion 2018-0730 intended to have C Line (Green) continue to operate the current routing for a 1 year pilot, well in advance of Airport Metro Connector Station (AMC) opening.
- Board motion directs staff to revisit the Operations Plan in anticipation of AMC. This review addresses that directive.
- Due to delays in the Crenshaw/LAX project, minimal 14-month gap now between Crenshaw and AMC openings.
  1. Westchester/Veterans to Expo/Crenshaw (Summer 2022)
  2. Aviation/LAX to Expo/Crenshaw, integrated with the C Line (Green) (Fall 2023)
  3. AMC opens (Late 2024)
- Due to only a 14-month gap now between phases 2 and 3 above, there is insufficient time to run a 12-month pilot, evaluate, and revisit the Operations Plan prior to AMC opening.

# Operational Impacts

Option	Railcar Fleet Need	Reduced Operators Vs C-3
C-1	53	90
C-2	51	93
C-3	60	105

- COVID has negatively impacted operator availability and this condition may be a challenge.
- Rail operator requirements are filled from the bus operator ranks.

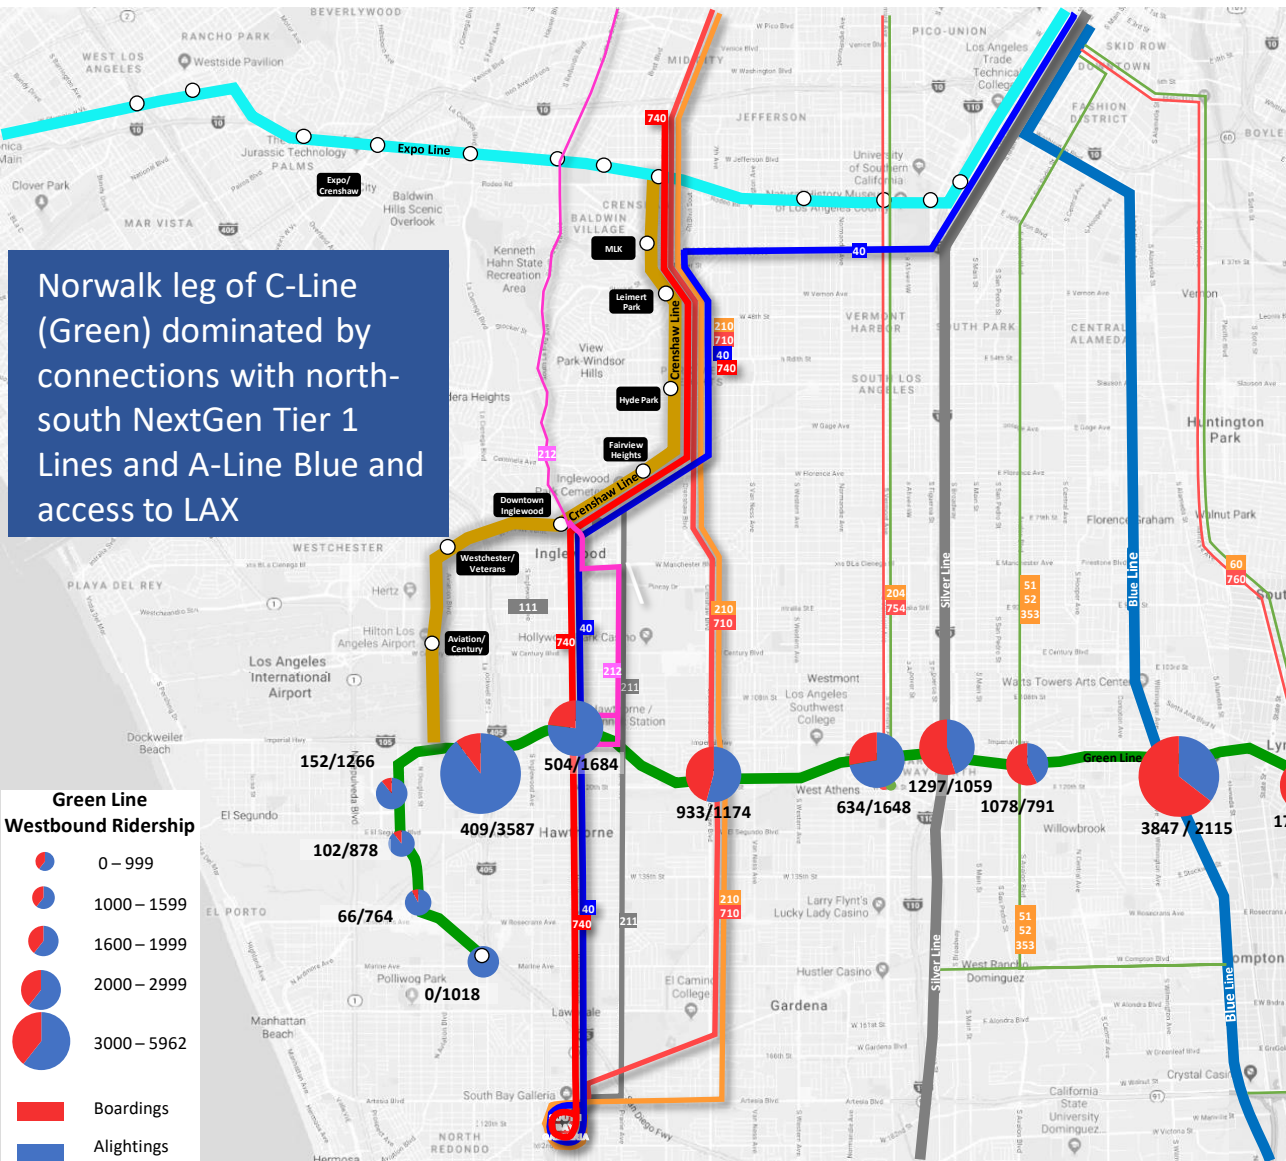

# All Travel (cell phone data) Norwalk-Aviation Green Line Destinations

## All Destinations from Norwalk Segment

# C LINE (GREEN) Transit Ridership

## Norwalk – Vermont

- 68% of C Line ridership
- Transfers between C Line and bus/A Line faster to key destinations (DTLA, Mid City)

## Hawthorne/Lennox-Crenshaw

- 12% of C Line ridership
- Travel time competitive between C Line + bus and C Line + Crenshaw

## Aviation/Imperial

- 9% of C Line ridership
- Primarily transfers, which will be moved to AMC

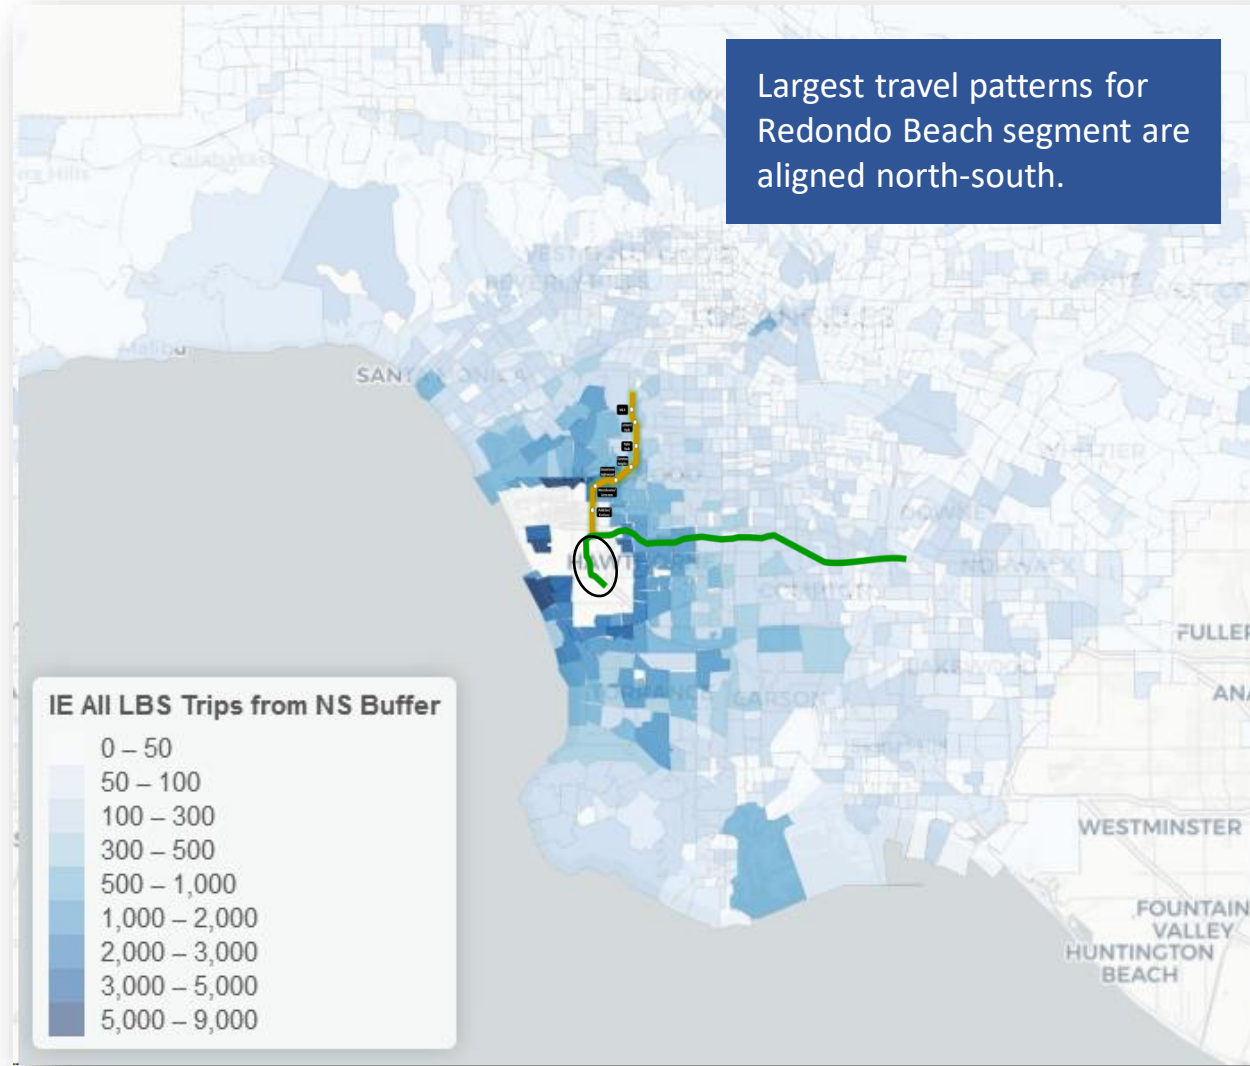

## Mariposa - RB

- 11% of C Line ridership
- Least ridership currently

# All Travel (cell phone data) Mariposa-RB C Line Destinations

## All Destinations from Redondo Beach Segment

# Future Torrance Extension

## Peak Hour Ridership 2042

Norwalk to AMC	4,980
Crenshaw/Expo to Torrance	6,320
Airport People Mover	920
<b>Total Peak Hour</b>	<b>12,220</b>

Can accommodate peak hour ridership for both lines with 2-car trains

~1,400 Riders on Torrance Ext (2 new stations)

# Future Crenshaw Northern Extension

- Strong community support for north/south line and one-seat ride from Hollywood to Torrance
- Opening Year 2047 (Measure M) with local efforts underway to identify early delivery strategy
- Metro initiated environmental study to make project "shovel-ready"
- Ridership estimation (yet to occur) will determine need for 3-car trains and additional infrastructure (platform expansions and power substations)

# Recommendation

- The change of circumstances since the Metro Board adopted Motion 2017-0730 in November 2018 for a one-year pilot of the C-3 operating plan supports the need to conduct relevant public outreach to develop an updated Crenshaw/LAX line operating plan recommendation.
- This outreach would be completed in time for Board consideration in advance of implementation in late 2023 when operation of the Crenshaw/LAX line through the AMC site becomes possible.
- This would not impede the opening of the initial operating segment for Crenshaw/LAX in 2022.
