DEOD COMMITMENT

The Diversity and Economic Opportunity Department (DEOD) does not recommend a Small/Disabled Veteran Business Enterprise (SBE/DVBE) participation goal for this procurement due to a lack of subcontracting opportunities.

ISSUE & DISCUSSION (cont.)

ISSUE

The Original Equipment Manufacturer (OEM), identified and established an equipment overhaul schedule for the master controller assembly at the 600,000-mile interval to ensure equipment reliability and passenger safety.

DISCUSSION

The master controller assembly is a critical system providing the interface between the train operator the vehicle during propulsion and braking modes. This overhaul includes a teardown, inspection, and replacement of worn parts including a comprehensive testing ensuring vehicle safe operations while maintaining the P3010 fleet in a constant state of good repair.
