

ATTACHMENT B  
MALABAR YARD RAILROAD IMPROVEMENTS LOCATION MAP

Malabar Yard railroad improvements in the City of Vernon offset the loss of storage track capacity at the BNSF West Bank Yard:

- (1) The 46<sup>th</sup> Street Closure provides a dedicated connection for freight trains serving local customers to travel between BNSF's Malabar Yard and BNSF's Los Angeles Junction.
- (2) The 49<sup>th</sup> Street Closure accommodates approximately 3,350 track feet of storage capacity at the BNSF Malabar Yard.
