Report on Compliance

Opinion

We have audited the compliance of the County of Los Angeles (County) and the thirty-nine (39) Cities identified in the List of Package A Jurisdictions, with the types of compliance requirements described in the Measure M Ordinance enacted through a Los Angeles County voter-approved law in November 2016; Measure M Local Return Guidelines, issued by the Los Angeles County Metropolitan Transportation Authority (Metro), approved by its Board of Directors on June 22, 2017 (collectively, the Guidelines); and the respective Assurances and Understandings Regarding Receipt and Use of Measure M Local Return Funds, executed by Metro, the County and the respective Cities for the year ended June 30, 2023 (collectively, the Requirements). Compliance with the aforementioned Guidelines and Requirements by the County and the Cities are identified in the accompanying Summary of Audit Results, Schedule 1 and Schedule 2.

In our opinion, the County and the Cities complied, in all material respects, with the Guidelines and Requirements referred to above that could have a direct and material effect on the Measure M Local Return program for the year ended June 30, 2023.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the Guidelines. Our responsibilities under those standards and the Guidelines are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and the Cities and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance with the Guidelines. Our audit does not provide a legal determination of the County's and the Cities' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for the County's and the Cities' compliance with the Guidelines and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or agreements applicable to the County and each City's Measure M Local Return program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's and the Cities' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Guidelines will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's and the Cities' compliance with the requirements of the Guidelines as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Guidelines, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's and the Cities' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's and the Cities' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Guidelines, but not for the purpose of expressing an opinion on the effectiveness of the County's and the Cities' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Guidelines and which are described in the accompanying Summary of Compliance Findings (Schedule 1) and Schedule of Findings and Questioned Costs (Schedule 2) as Findings #2023-001 and #2023-002. Our opinion is not modified with respect to these matters.

Government Auditing Standards require the auditor to perform limited procedures on the Cities' responses to the noncompliance findings identified in our compliance audits described in the accompanying Schedule of Findings and Questioned Costs (Schedule 2). The Cities' responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified. However, as discussed below, we did identify certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the Guidelines on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with the Guidelines will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with the Guidelines that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs (Schedule 2) as Finding #2023-001 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Cities' responses to the internal control over compliance findings identified in our audits described in the accompanying Schedule of Findings and Questioned Costs (Schedule 2). The Cities' responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guidelines. Accordingly, this report is not suitable for any other purpose.

Finding #2023-001	City of Huntington Park
Compliance Reference	Measure M Local Return Guidelines Section XXV states that, "It is the jurisdictions' responsibility to maintain proper accounting records and documentation to facilitate the performance of the audit as prescribed in these Guidelines".
Condition	<p>As of the date of audit fieldwork, the City's year-end closing process is still ongoing. We noted the following observations:</p> <ul style="list-style-type: none"> • Reconciliation of major balance sheet accounts including bank accounts was not yet completed. • Cut-off procedures relating to year-end accruals were inadequate to ensure the recording of transactions in the proper period. This resulted in the City's adjustments which affected the prior period's account balances. • Beginning fund balances were not reconciled with the prior year's audited reports. <p>Accordingly, the audits of the City's financial statements for fiscal years 2022 and 2023 have not yet started because of the clean-up and closing process currently being done.</p>
Cause	During the fiscal years 2021 through 2023, the City lost several key employees, particularly in the Finance and Accounting Department. As such, there were delays in the closing of the City's books for the fiscal year 2023 and prior years. Currently, the accounting personnel and support staff are working towards closing the books and providing the closing entries, trial balances, schedules, reconciliations, account analysis, and other financial reports needed by management and the auditors.
Effect	The City was not in compliance with the audit requirements of the Local Return Guidelines.

 Measure M Local Return Fund
 Schedule of Findings and Questioned Costs
 Fiscal Year Ended June 30, 2023
 (Continued)**

Finding #2023-001 (Continued)	City of Huntington Park
Recommendation	<p>We recommend the City implement a monthly and year-end closing process in a timely manner. We also recommend that the City establish and document proper closing and reconciliation procedures and assign responsibility for completing the procedures to specific City personnel. The closing procedures should be documented in a checklist that indicates who will perform each procedure and when completion of each procedure is due and is accomplished. The timing of specific procedures could be coordinated with the timing of management's or the auditor's need for the information. These reconciliations will provide assurance that financial statements are complete and accurate.</p>
Management's Response	<p>The City is in the process of catching up on all accounting processes that have not been completed due to staff turnover and various other reasons. The new management team in the Finance and Accounting Department is putting procedures in place to ensure monthly and annual year-end closing processes are well documented and occur on time.</p>

Finding #2023-002	City of Lynwood
Compliance Reference	Section XXV Administrative, Reporting Requirements Annual Expenditure Report (Actuals Entry) of Measure M Local Return Guidelines states that "Jurisdiction shall submit on or before October 15 th of each fiscal year an Annual Expenditure Report (Actuals Entry) to provide an update on previous year LR fund receipts and expenditures."
Condition	The City submitted its Annual Expenditure Report (Actuals Entry) on October 23, 2023, 8 days after the due date of October 15, 2023.
Cause	The City inadvertently missed the filing deadline.
Effect	The City was not in compliance with the reporting requirements of the Local Return Guidelines.
Recommendation	We recommend the City establish procedures and internal controls to ensure that the Annual Expenditure Report (Actuals Entry) is submitted by October 15 th as required by the Guidelines.
Management's Response	The City will ensure the Measure M Actuals Entry is submitted in a timely manner by October 15 th of each fiscal year.
Finding Corrected During the Audit	The City subsequently submitted the Annual Expenditure Report (Actuals Entry). No follow-up is required.
