July 25, 2024**

Metro G Line (Orange) Bus Rapid Transit Improvement Project

Rescission of Resolutions of Necessity

Recommendation:

RESCINDING the Resolutions of Necessity's previously adopted on August 25, 2022, which authorized the commencement of eminent domain actions to acquire certain partial permanent and temporary property rights ("Property Interests")

Background

August 2022 - Resolutions of Necessity ("RON's") approved to acquire Property Interests required for the construction and operation of railroad-style four-quadrant safety gate systems

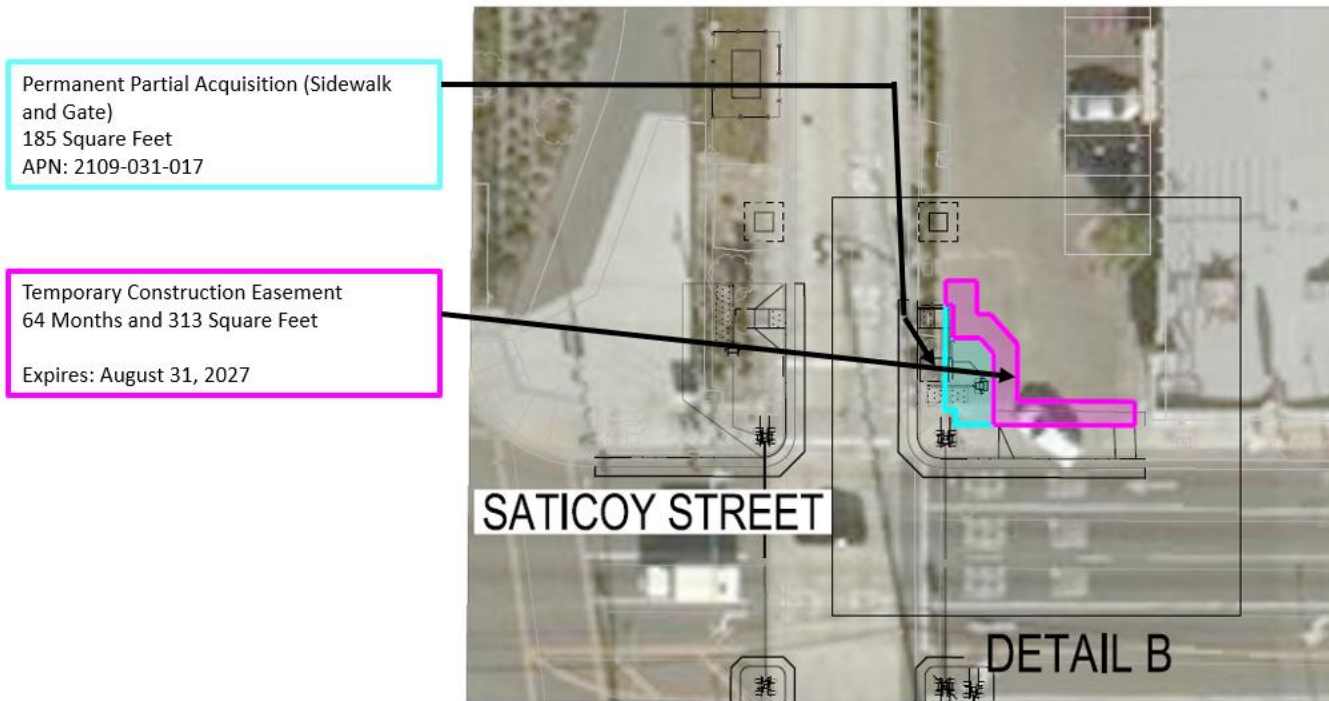

November 2023 - staff began exploring cost savings by installing fewer gates. A task force comprised of representatives from Metro safety, systems engineering, bus operations and LADOT determined the gates are no longer required, which eliminates the need for the Property Interests.
