- 40 homeless persons were housed in 24 motel rooms
 - 10 families – 9 women with children, 1 couple with children
 - 7 clients – singularly housed

Total Motel Expense: \$40,254.34

COVID-19 Expense: \$16,727.40

PATH Success Story (January)

Client is a 35-year-old male who reports experiencing homelessness for the greater part of 10 years. He was living in his car and would move between South Los Angeles, DTLA and Victorville. Upon initial meeting, client expressed concern about his mental and physical health status'. He also shared his history and expressed that he was ready to move forward to create a positive future.

MH Specialist initially engaged client and assisted him with connecting with mental health services through South Bay Mental Health. The majority of meetings between MHS Reece and client were mental health related and consisted of support and guidance being provided to client.

MH Specialist also assisted client with connecting to medical services to address a condition that had been left untreated. He was able to establish care with a PCP and obtain needed referrals to specialists. Once client began receiving services through a DMH provider, MH Specialist reached out to DMH regarding possible housing opportunities. Client was quickly matched to Rosslyn Lofts, which were under remodeling/construction at the time.

MH Specialist assisted participant with navigating the housing process. Eventually, as late Fall/Winter months brought colder weather, PATH placed client in a motel room until he was able to sign his lease and move into his unit (December 29, 2020 – January 11, 2021).

Client is currently in permanent supportive housing (PBV) at Rosslyn Lofts in DTLA. He signed his lease and moved in on January 11, 2021.

PATH Success Story (February)

57y/o female with cancer and limited mobility and a 26y/o female with history of mental health disability Clients are a mother/daughter. Clients became homeless after mother was diagnosed with cancer and was unable to continue working. Shortly after becoming homeless, COVID pandemic occurred and further complicated the situation. Clients were sleeping on the red line when initially engaged.

Utilized project RoomKey to provide clients with stable temporary housing location. Connected clients to appropriate healthcare services. Connected clients to appropriate housing resources.

Once clients had stable temporary housing locations, mother was able to focus on health. Client underwent successful treatment of cancer. Client is now healthy, and mobility has drastically improved. Daughter continues to assist with mother's healthcare. After being connected to the county recovery rehousing program, clients were able to obtain an apartment for permanent housing. Both clients receive SSI and will be able to independently pay for rent in the near future.
