June 2022 Service Change

Service Quality	Valuing Our Employees	NextGen
<ul style="list-style-type: none">• Service Restoration: Begin Restoration of NextGen Bus Plan Service Levels• Adjust services for improved reliability	<ul style="list-style-type: none">• Match schedules to increased traffic conditions• Eliminate longest assignments• More frequent service to spread out loads	<ul style="list-style-type: none">• Transfer one line to Municipal operation• Minor reroutes for construction, local street changes, simplify service

Metro Bus Service Levels

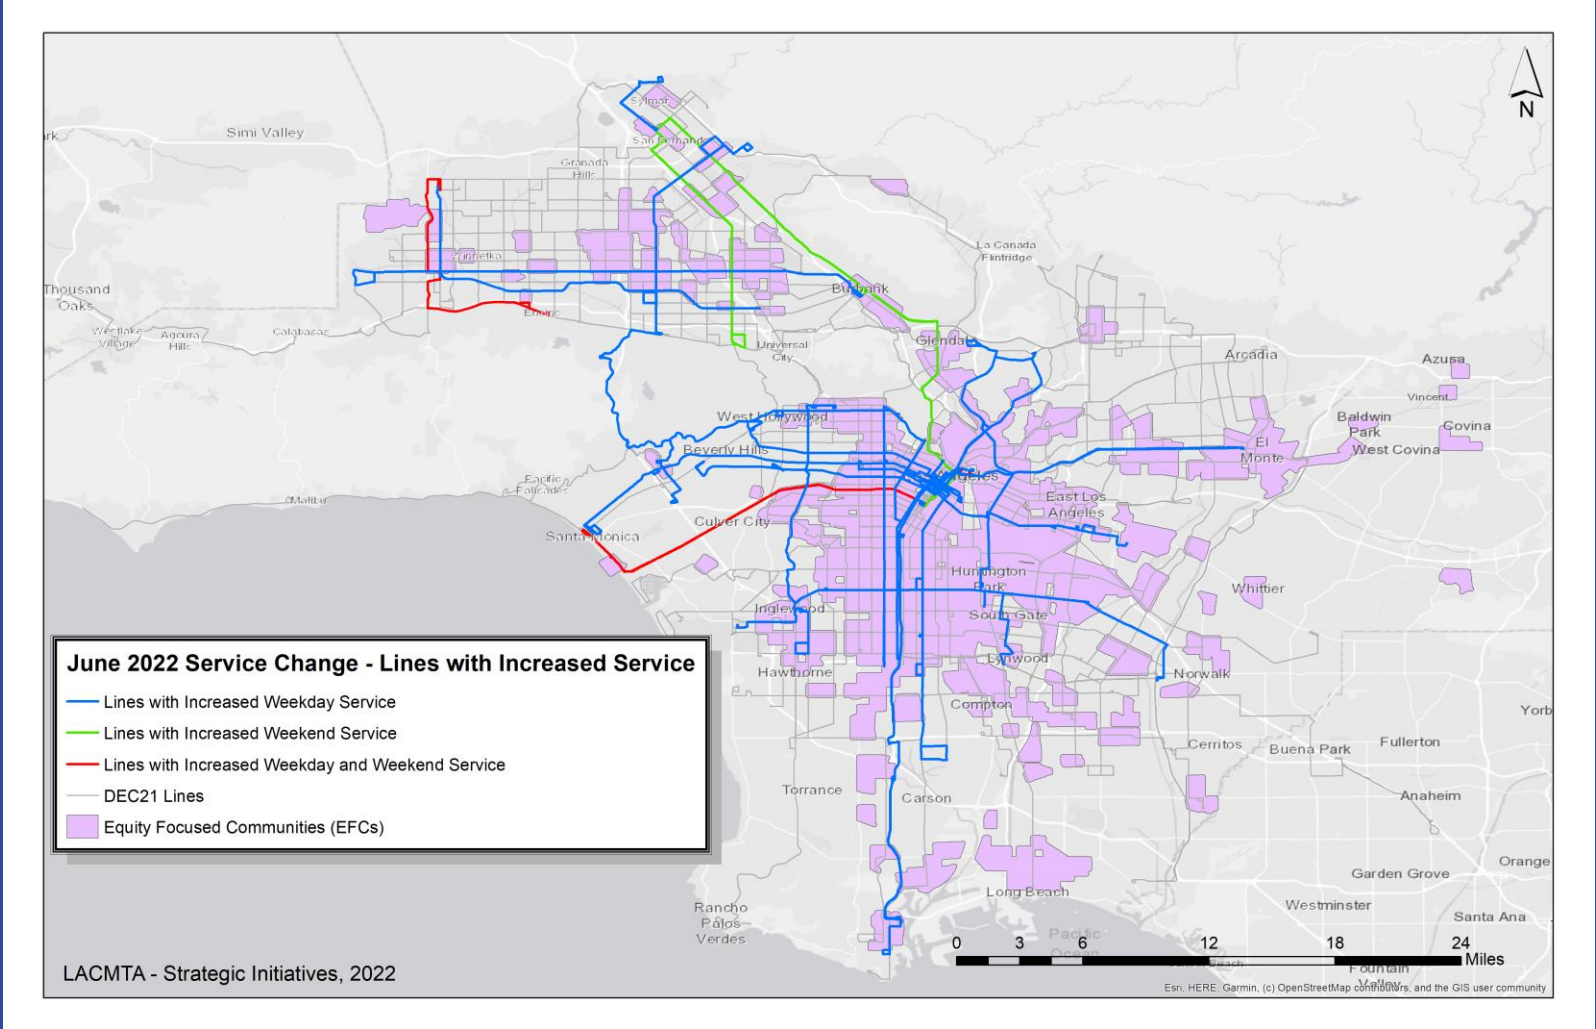

Metro

February 2022 = 26% increase above COVID low

Service Restoration

- The June 2022 service change begins the process of restoring the full NextGen Bus Plan 7 million annual revenue service hours
- The June service change will increase total revenue service hours from 6.3 million to 6.5 million annualized
- Systemwide service restoration will begin with 19 Weekday , 4 Saturday, 3 Sunday bus lines having increased service based on high ridership/loads
- The level of restoration has been matched to expected operator new hirings with the intent of not significantly increasing either service cancellations or operator ordered call backs

Service Restoration

Metro

Service Reliability

- Since the second half of 2021, as the COVID recovery has increased, road traffic has grown. Bus service on time performance has reduced
- 65 Weekday , 42 Saturday and 32 Sunday lines will have adjusted schedules to provide more time to improve service reliability
- 7 contracted lines will have moderate frequency adjustments temporarily to support reliable service delivery, similar to what occurred for directly operated services in February

Service Changes

- Line 130 (Artesia BI) will become Long Beach Transit Route 141 operating the same alignment and frequency between Artesia A Line (Blue) Station and Los Cerritos Center
- Minor changes to nine other lines for construction reroutes and minor NextGen Bus Plan changes.

Implementation

- Internal coordination through implementation team
- Staff will support customers in areas with significant changes
- Informational signs will be installed at all impacted bus stops
- Information alert signs, brochures on buses & at customer service centers
- Updated bus stop blades will be installed by service change date
- Online “MyBus” information portal
- Social media and print media releases
- Printed schedules will be available on buses and at usual outlets

Thank You!
