

DEOD SUMMARY

METRO FREEWAY SERVICES PATROL/VARIOUS BEATS

A. Small Business Participation (Modification)

Contractors made Small Business Enterprise (SBE) commitments on four (4) FSP contracts included in this modification, three (3) of which are meeting their SBE commitment(s) and three (3) of which are SBE Primes. On the remaining beat, the Contractor made a Small Business Enterprise (SBE) and Disabled Veterans Business Enterprise commitment.

Freeway, Towing (Freeway), the FSP Contractor for Beat 60, made a 7.23% SBE and 3.42% DVBE commitment. Based on payments, the contract is 74% complete and the current SBE participation is 5.65%, representing a shortfall of 1.58% and the current DVBE participation is 4.65%, exceeding the DVBE commitment by 1.45%. Freeway contends that the shortfall is the result of decreased service requests due to the pandemic. However, Freeway indicated in the coming months, they will be servicing their trucks through Casanova Towing Equipment, Inc., an SBE, which will increase SBE participation. Additionally, Metro's Project Manager worked closely with DEOD in reviewing corrective action plans submitted by Freeway and confirm that proposed service increases to pre-pandemic levels should significantly improve small business participation.

Notwithstanding, Metro Project Managers and Contract Administrators will continue to meet bi-monthly with DEOD and the FSP Contractors in shortfall to review participation levels and ensure that they are on target to meet or exceed their SBE/DVBE commitments.
