A. Procurement Background

This Board Action is to approve the award of Contract No. PS83011000 to Canon Solutions America, Inc. to provide managed print and digital copy services Metro-wide for a period of five (5) years. Board approval of contract award is subject to the resolution of any properly submitted protest.

On June 14, 2022, Request for Proposals (RFP) No. PS83011 was issued as a competitive procurement in accordance with Metro's Acquisition Policy and the contract type is a firm-fixed unit rate.

The RFP was issued with a Disadvantaged Business Enterprise (DBE) goal of 8%.

Four amendments were issued during the solicitation phase of this RFP:

- Amendment No. 1, issued on July 15, 2022, extended the proposal due date.
- Amendment No. 2, issued on August 3, 2022, extended the proposal due date, revised the scope of services to clarify scanning solution requirements, and updated the schedule of quantities and prices to include an option to upgrade licenses for Metro's document management solution.
- Amendment No. 3, issued on August 5, 2022, revised the invoicing and billing requirements in the scope of services and updated the schedule of prices and quantities accordingly.
- Amendment No. 4, issued on August 12, 2022, modified the scope of services to refine software requirements for the multifunction devices, adjusted the schedule

of quantities and prices to align with changes to the scope of services, and clarified the evaluation criteria and submittal requirements.

A virtual pre-proposal conference was held on June 23, 2022. Seventy-five questions were received, and Metro provided responses prior to the proposal due date.

A total of 26 firms downloaded the RFP and were included on the planholders' list.

Three proposals were received by the due date of August 19, 2022, and are listed below in alphabetical order:

1. Canon Solutions America, Inc. (Canon)
2. Ricoh USA, Inc. (Ricoh)
3. Xerox Corporation (Xerox)

B. Evaluation of Proposals

A Proposal Evaluation Team (PET) consisting of staff from General Services, Transportation Planning, and Information Technology Services was convened and conducted a comprehensive technical evaluation of the proposals received.

On August 22, 2022, the PET met to review the evaluation criteria package, process confidentiality and conflict of interest forms, and take receipt of the proposals to initiate the evaluation phase. Evaluations were conducted from August 22, 2022, through October 13, 2022.

On October 13, 2022, Metro's Diversity and Economic Opportunity Department (DEOD) determined Ricoh USA (Ricoh) to be non-responsive for failure to meet the DBE 8% goal. Hence, Ricoh was excluded from consideration.

The PET evaluated proposals based on the following evaluation criteria stated in the RFP:

Phase I Evaluation – Minimum Qualification Review: This is a pass/fail criteria. The criteria focused on the proposer's years of experience in providing managed print services and related support services, capability to service the leased equipment throughout the term of the contract, and availability of a web-based online reporting and tracking system.

Phase II Evaluation – Technical Evaluation Review.

Proposals that passed the Phase I evaluation were further evaluated based on the following criteria:

Qualifications of the Prime Contractor and the Team Skills and Experience	15 percent
---	------------

Technical and Functional Capability of Proposed Equipment, Software, and Overall Infrastructure	15 percent
Understanding of the Scope of Services and Management Plan/Approach	40 percent
Cost Proposal	30 percent

The evaluation criteria are appropriate and consistent with criteria developed for similar projects. Several factors were considered in developing these weights, giving the greatest importance to the understanding of the scope of services and management plan/approach.

Demonstrations were held starting September 14, 2022, through September 29, 2022. Initial demonstrations were conducted at the proposers' client site to test the performance and functionality of the proposed equipment. A second demonstration was held at Metro's headquarters to test network connectivity, security and integration. Oral presentations were held immediately following the second demonstration. The Proposers' project managers and key team members had an opportunity to present their team's qualifications, discuss their technical approach, and respond to questions from the PET.

Qualifications Summary of Firms within Competitive Range:

Canon Solutions America, Inc.
