A. Procurement Background

This Board Action is to approve Contract No. PS112435000 to AECOM Technical Services, Inc. (AECOM), to provide as-needed Program Management Support Services (PMSS), and Design and Engineering Support Services (DESS) for Vehicle Engineering and Acquisition (VEA) to support the conversion of LACMTA's bus fleet to Zero Emission Buses (ZEB) by 2030. Board approval of contract award is subject to resolution of any properly submitted protest(s).

On August 21, 2023, Request for Proposal (RFP) No. PS112435 was issued as a competitive procurement in accordance with Metro's Acquisition Policy. The proposed contract type is cost plus fixed fee. The Diversity and Economic Opportunity Development (DEOD) Department recommended a 30% Disadvantaged Business Enterprise (DBE) goal.

Two amendments were issued during the solicitation phase of this RFP:

- Amendment No. 1, issued on September 11, 2023, clarified which volume Proposers must include Exhibit 5 – Bidders List Form, extended the proposal due date, and amended the critical dates.
- Amendment No. 2, issued on March 15, 2024, provided an updated pricing form to incorporate the Option years and provide a Best and Final Offer (BAFO) proposal due date.

A total of sixty-three (63) firms downloaded the RFP and were included on the planholders' list.

A virtual pre-proposal conference was held on September 1, 2023, and was attended by 26 participants, representing 12 firms. There were twenty-one (21) questions received, and responses were provided prior to the proposal due date.

Four proposals were received on September 28, 2023, and are listed below in alphabetical order:

1. AECOM Technical Services, Inc. (AECOM)
2. Burns and McDonnell Engineering Company, Inc. (Burns & McDonnell)
3. Jacobs Engineering Group (Jacobs)
4. WSP USA, Inc (WSP)

B. Evaluation of Proposal

A Proposal Evaluation Team (PET) consisting of staff from VEA, and Zero Emission Bus Infrastructure convened and conducted a comprehensive technical evaluation of the proposals received.

On October 17, 2023, the PET met to review the evaluation criteria package, process confidentiality and conflict of interest forms and take receipt of the four proposals to initiate the evaluation phase. Evaluations were conducted from October 17, through April 22, 2024.

On October 25, 2023, Metro's Diversity and Economic Opportunity Department (DEOD) determined Burns & McDonnell was ineligible for award as they were not responsive to LACMTA's DBE goal. Burns & McDonnell was excluded from further consideration.

The proposals were evaluated based on the following evaluation criteria and weights:

- | | |
|--|------------|
| • Qualifications of the Proposer/Team | 20 percent |
| • Project Manger and Key Staff's Qualifications and Experience | 50 percent |
| • Effective Scheduling/Cost Management Plan | 10 percent |
| • Cost Proposal | 20 percent |

The evaluation criteria are appropriate and consistent with criteria developed for similar vehicle consultant services procurements. Several factors were considered when developing these weights, giving the greatest importance to the project manager and key staff's qualifications and experience.

On October 30, 2023, the PET reconvened and determined the remaining three (3) firms were within the competitive range. The firms are listed below in alphabetical order:

- AECOM
- Jacobs
- WSP

The three (3) firms within the competitive range were invited to make oral

presentations on November 14, 2023. The Proposers' key team members had an opportunity to present their team's qualifications and to respond to the PET's questions.

On March 15, 2024, LACMTA held discussions with the three firms within the competitive range to provide feedback on strengths and weaknesses. Best and Final Offers (BAFO) were requested from the firms within the competitive range only, in accordance with LACMTA's Acquisition Policy.

On March 27, 2024, LACMTA received BAFOs from all three (3) firms. However, on April 30, 2024, Jacobs notified Metro that they are withdrawing their proposal due to an error in their BAFO pricing. Jacobs' proposal was therefore excluded from further consideration.
