#### A. Procurement Background

This Board Action is to approve Contract No. PS161339000 to Anthem Workers' Compensation, LLC (AWC) to provide workers' compensation managed care service in support of Metro's workers' compensation claims administration.

This is a single source, non-competitive, incentive-based procurement issued in accordance with Metro's Acquisition Policy and the contract type is incentive based.

In April 2010, Metro awarded a 10-year, inclusive of three, two-year options, noncompetitive incentive-based contract to AWC (formerly Anthem Blue Cross) to provide Workers' Compensation Preferred Provider Organization (PPO) and Medical Provider Network (MPN) services. This contract will expire on July 31, 2020.

To effectively administer workers' compensation claims and medical costs, the continued services of a workers' compensation managed case service provider is required.

## B. Evaluation of Proposals

The proposal submitted by Anthem Workers' Compensation, LLC was found to be compliant with Risk Management's technical specifications and requirements and offers higher potential savings not available through any other provider. AWC has the broadest coverage due to its extensive geographic group network access. It is also able to leverage its PPO network to maximize PPO discounts and offer savings to Metro that are typically lower than State Workers' Compensation fee schedules.

Anthem WC has been Metro's workers' compensation managed care provider since 2010 and their performance has been satisfactory.

## C. Cost/Price Analysis

The recommended rate has been determined to be fair and reasonable based on price analysis and technical analysis. The proposed incentive fee of 20% of medical bill savings is 2% lower than the current contract rate.
