File #: 2015-1705, **File Type:** Motion / Motion Response

Agenda Number: 43.1

**REGULAR BOARD MEETING
DECEMBER 3, 2015**

Motion by:

FASANA

December 3, 2015

Relating to Item 43, File ID 2015-1686: Post Employment Legislation

In March of 2014, our Board supported legislation that would revise existing provisions in current law that restricts post-employment for Metro Board members of Metro employees who have participated as a decision maker on any procurement for a period of three years after leaving the agency. This includes all decisions made during the tenure of the employee or Board members. AB 2568 by Assembly Member Bloom that was introduced in 2014 died in committee.

AMENDING MOTION by Fasana that the 2016 Legislative program be amended to seek legislation similar to AB 2568 (Bloom 2014) that would amend existing law by prohibiting a member, alternate member, or employee of the authority who has participated as a decision maker, from accepting employment within one year of leaving the authority with any vendor, company, or business entity that was awarded a contract as a result of their participation, if that participation took place within one year prior to the member, alternate member, or employee leaving the authority.
